Peter R. Comeau Elected to MCAA Board of Directors

ROCKVILLE, MD—The Mechanical Contractors Association of America, Inc. (MCAA) elected Peter R. Comeau to its Board of Directors during the association's annual convention in Scottsdale, Arizona.

Mr. Comeau is the president of Refrigeration Engineering & Contracting Co., Inc. (RECCO), an industrial refrigeration design/build and service contractor located in Woburn, Massachusetts.

He is active in the association on both the national and local levels. At the national level, he is a graduate of MCAA's prestigious Advanced Leadership Institute (ALI) and a frequent participant at MCAA and Mechanical Service Contractors of America (MSCA) conventions and meetings. He is also a member of a peer group.

At the local level, he serves on the Board of Directors of the New England MSCA and as president and a member of the Executive Committee of the New England Mechanical Contractors Association (NEMCA). He also serves on the NEMCA By-laws, Budget, Labor/Management and Strategic Planning Committees and as a student chapter advisor. In addition, he is a JATC Educational Trustee and JATC Director as well as a NEMCA Industry Fund trustee and a member of the UA Local 537 Negotiating Committee.

The Mechanical Contractors Association of America, Inc. (MCAA) serves the unique needs of approximately 2,500 firms involved in heating, air conditioning, refrigeration, plumbing, piping, and

mechanical service. We do this by providing our members with high-quality educational materials and programs to help them attain the highest level of managerial and technical expertise. MCAA includes the Mechanical Service Contractors of America, the Plumbing Contractors of America, the Manufacturer/Supplier Council, the Mechanical Contracting Education and Research Foundation and the National Certified Pipe Welding Bureau.
