Dispatchers Professional Development Virtual Training Program

January 7 – February 11, 2021
SIX WEEK VIRTUAL PROGRAM

This updated program is designed to help new or experienced dispatchers advance their careers, improve satisfaction with their jobs, understand their vital role in the company, and significantly enhance their ability to contribute to their company's success.

Dispatchers are critical to the successful operation of any HVACR and plumbing service business. As the company's primary representative with the client, the dispatcher serves as the nerve center for service scheduling, resource allocation, priority-setting, and customer satisfaction—which are all elements of great customer service.

Reach Your Full Potential

Professional dispatchers can improve company productivity by getting the most from limited service resources, building strong customer relationships, and understanding their service technicians' and service managers' needs and capabilities. Many dispatchers do not reach their full potential because they have not had the opportunity to acquire or fully develop the complex skill set needed to be effective in this role.

Enhance Job Performance and Contribution to Company Success

This program closes that gap with a comprehensive training course created specifically for service dispatchers. Custom-designed for MSCA members, this program goes beyond traditional technical training to help develop those advanced skills needed to be highly effective in the dispatcher role. By completing this program, dispatchers will be able to improve their job performance and more effectively contribute to the success of their companies.

PROGRAM OUTLINE

Module 1

The Dispatcher and the Service Organization

- ◆ The Dispatcher's Influence in the Organization
 - ◆ The Dispatcher's Impact on Profitability
-

Module 2

-

The program was developed by a task force of MSCA contractors in partnership with Nancy Bandy, lead instructor for this program. Nancy is Managing Director of TRANSITIONS Consulting Group. She is an accomplished professional with more than 20 years of corporate training and organizational design experience. Nancy is a popular and highly acclaimed instructor for MSCA, having taught at numerous conferences, local service seminar programs, and the MSCA Sales Institute.

This interactive, six week virtual program, which includes presentations, group exercises, self-assessment tools, and discussion groups, will be held every Thursday from 2 PM – 3:30 PM EST, starting January 7 – February 11, 2020. The cost is \$725 and includes all course materials, which will be mailed to participants prior to the start of the program.
