

### THE EDUCATION ASSOCIATION RETURNS TO SAN DIEGO

It's been 17 years since MCAA last traveled to San Diego for our annual convention. Just think about how much our industry and our lives have changed since then. Here's one thing hasn't changed: MCAA's educational programming and resources are second to none. MCAA continues to enjoy a well-deserved reputation as the construction industry's Education Association. Here's another: MCAA's annual convention remains the best in our industry. No other convention blends exceptional education with world-class networking and social events as does MCAA's. As this planning guide clearly shows, our San Diego convention will be no exception. Invest in your company's future. Invest in your future. Join your friends and colleagues at MCAA 2017.

You'll love the return.

**TOM STONE** 

MCAA PRESIDENT

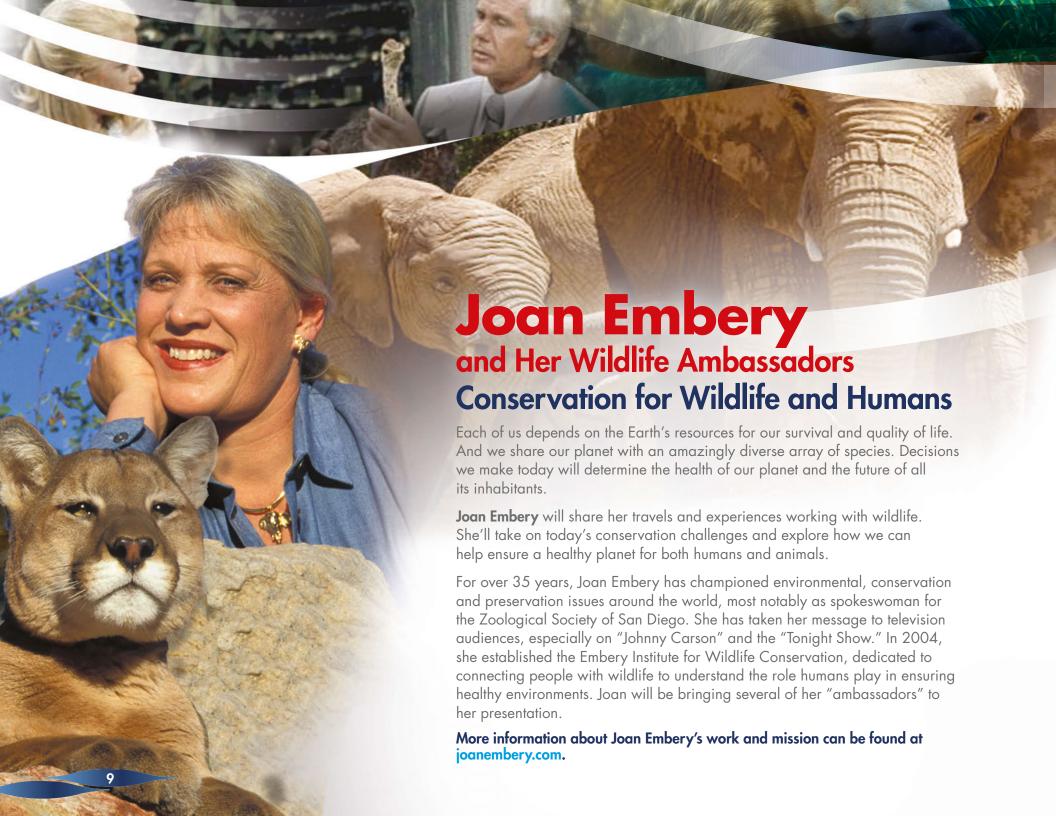

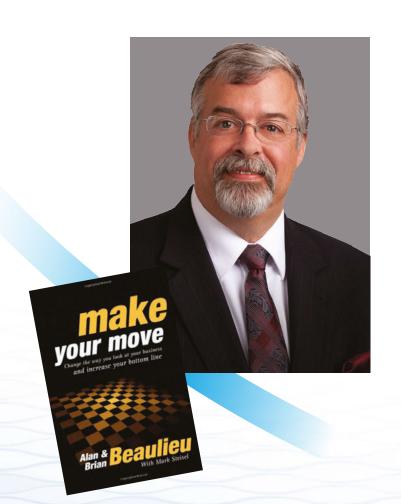

MCAA is widely known as the Education Association... and MCAA 2017 will certainly continue this measure of excellence. You'll find a variety of educational offerings that are designed to advance your knowledge about new industry trends, technologies and practices. Whether you need to develop or hone your leadership abilities, learn new business growth strategies, explore new building technology applications, discover ways to attract new talent or take a step back and take stock, you'll hear speakers on these topics and much, much more in San Diego. Our goal is to help you and your company succeed. Take a look at what's currently planned...

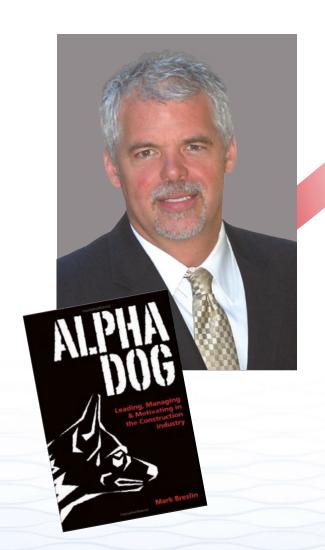

# **Brian Beaulieu**

## **2017 Economic Forecast**

The dynamics of world market trends and the results of this year's national elections will affect your company's financial wellbeing for months...even years...to come. Economist **Brian Beaulieu** will cover all the ups and downs of global, national, and regional economic trends, which indicators you should follow, and how to leverage those forecasts into successful strategies for your company.

One of the country's most informed economists, Brian Beaulieu is the CEO of ITR Economics where he researches the use of business cycle analyses and economic forecasts to increase profitability. He co-authored *Make Your Move* about increasing profits through business cycle changes.

Learn more about Brian Beaulieu's forecasts at itreconomics.com.

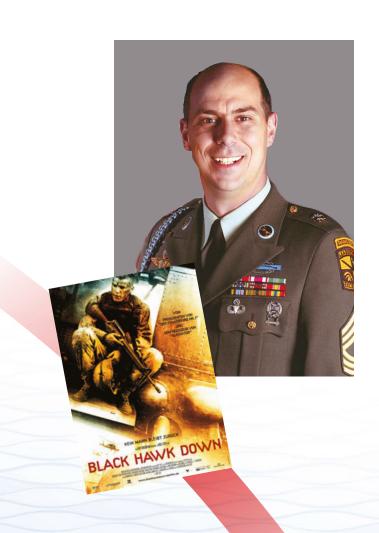

# **Mark Breslin**

# The Cutting Edge: Finding and Developing Your Next Generation of Leaders

Finding the right high-performing candidates to fill a variety of leadership roles in your company is more of a challenge than ever. Generations X and Y require recruiting strategies that appeal to their focus on technology and social media to communicate and perform work tasks efficiently. During this session, you'll learn about cutting-edge techniques and practices that companies within and outside our industry are using successfully to find and keep younger talent. You just may be inspired to reexamine your company's workplace culture to determine whether it's properly positioned to be a "career destination."

**Mark Breslin** is a leading authority on construction leadership, strategy and labor-management relations. He has authored best-selling books about creating positive change in the industry.

You can learn more about Mark Breslin at breslin.biz.

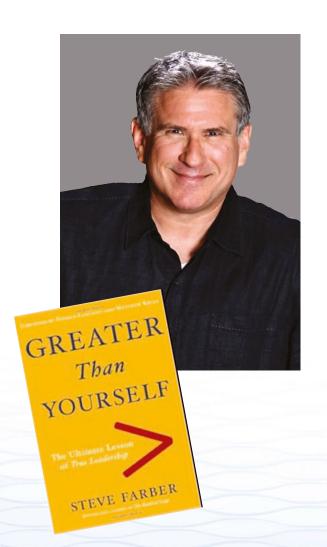

# 1<sup>st</sup> Sgt. Matt Eversmann

## Leadership Lessons from Black Hawk Down

Sponsored by DEWALT

In 1993, a group of U.S. Rangers and Delta Force soldiers went to Somalia to help end that country's civil war. The mission turned into a horror story when the unit's Black Hawk helicopter was shot down in Mogadishu. For 18 hours, Sgt. Eversmann and his comrades were surrounded by hostile forces until a rescue convoy arrived to retrieve them. The story of this event was immortalized in the film, *Black Hawk Down*, Eversmann emerged a hero, but learned what true leadership means when lives are on the line.

1<sup>ST</sup> **Sgt. Matt Eversmann (Ret.)** enlisted in the Army serving as a Ranger. He received several commendations, including the Bronze Star Medal with Valor and the Combat Infantryman's Badge for his service in Somalia. He retired after 20 years of service.

# **Steve Farber**

## **Extreme Leadership**

In this chaotic and extreme age, business leaders must demonstrate an unprecedented level of passion, determination, foresight, dedication, and fearlessness. Using the principles presented in his bestselling books, *The Radical Leap* and *The Radical Edge*, leadership expert **Steve Farber** shows you how to use the LEAP framework – Love, Energy, Audacity, and Proof – to radically improve your organization and your life.

## **Greater Than You**

The truly great leaders in life and work become so by causing others to be greater than themselves. Leadership expert Steve Farber draws from his bestseller, *Greater Than Yourself*, to show that dedicating yourself to bringing others along so that they can achieve more than you is the ultimate way to boost talent, ramp productivity, and create truly significant current and future leaders.

After running his own successful financial services company, Farber devoted his professional life to leadership development.

Learn more about Steve Farber and his message at stevefarber.com.

### TECHNOLOGY FOR TODAY AND TOMORROW

WE'RE IN A TIME WHEN DISRUPTIVE CHANGE HAS COME TO OUR INDUSTRY – CHANGE THAT CREATES NEW MARKETS AND NEW VALUE PROPOSITIONS.

You have the opportunity to seek out new ways to improve productivity, to look for new ways of getting the job done better and faster and to seek out new technologies that simply do things we never thought were possible. Four of the industry's best technology experts are featured....

# Matt Abeles

# Disruptors for the Built Environment

What are the latest construction technology resources? How are they being used?

What's coming? What are the disruptors? These are some of the questions BuiltWorlds co-founder **Matt Abeles** will consider as he showcases start-up companies that are developing new technologies. He'll also explore how these products can provide solutions today and in the near term.

Matt is co-founder and managing director of BuiltWorlds Media, an online media and events company that burst onto the scene in 2014. As a thought leader on the fast-moving technologies transforming design, construction, and development, Abeles oversees BuiltWorlds' expanding outreach to established and emerging industry players committed to pushing our industry forward.

MCAA and BuiltWorlds are partners in promoting new technologies for use by MCAA members in projects and other business operations.

Learn more about this company at builtworlds.com.

# JBKnowledge's ConTechTrio... Insights, Strategies and Tools

# James Benham Leveraging Technology for Improved Profitability

In today's competitive market, margins are tight and contractors are continually looking for ways to gain an edge.

Consider this...saving only five minutes each day will increase productivity by 1%... just enough to get that edge.

Technology guru James Benham will explore technology and software that can save you time and improve your margins.

## Josh Bone & James Benham

# The Rise of Virtual Design and Construction

To compete and perform successfully today, contractors need the latest design technology. JBKLabs evaluated design software and processes to provide contractors with the tools they can use to evaluate their software selection. **Josh Bone** and **James Benham** will discuss their findings and explore how virtual design and construction are shaping the industry.

## **Rob McKinney**

# The ConAppGuru Reviews Tablets and Apps for the Field

Determining the right tablet for your field crew is important and knowing the best apps to deploy is just as crucial. **Rob**McKinney, the ConAppGuru, will provide recommendations for workflow apps including daily reports, plan viewing, and time entry. As each app is presented, he will discuss the differences for each platform — phone, phablet, iPad or Surface Pro.

To find out more about James Benham, Josh Bone and Rob McKinney go to jbknowledge.com/contechtrio.

# Jim Bartolotta

# Service Sales Leadership and Training—Your Key to Growth

If your mechanical service sales team could use some skills-building, this session is for you. You will learn all about the MSCA Sales Institute, the only HVACR and plumbing training program specifically designed for service sales personnel. The Institute provides a structured, multi-level, multi-year training program for sales leaders, entry-level sales personnel, and experienced sales professionals.

During this session, you will explore the benefits of developing and implementing a structured sales training process for sales leaders and in-the-trenches sales personnel. You'll learn how this program will help revenues grow, enhance your sales staff's productivity, and encourage retention.

Jim Bartolotta of Atomatic Mechanical Services, the immediate past chairman of the MSCA Board of Managers, will lead the session.

# John Koontz

## Mechanical Contracting 2017— It's Still about People and Pipe

John Koontz will show why it's so important to see through all the clutter and focus on what's important. He'll lead a discussion on how to manage today's systems and tools to meet the primary objective of bringing in the job on time and on budget.

# FINDING TALENT... a Roundtable Luncheon

Sponsored by **Apollo Valves** 

Where do you find it? It's not where you think. Looking for people with experience in our industry? Probably not going to happen. Have a sandwich and a beer or two and get some ideas on keeping your company growing.

John Koontz, MCAA's national director for project management and advanced supervisory education, brings a balance of academic and practical experience to his presentations.

# **Britton Langdon**

# Tales from the Road—an Exploration into Efficiency and Productivity

Mechanical contractors have long been the drivers of change within the construction sector, whether through the use of measuring tapes, the implementation of Building Information Modeling (BIM), or the decision to begin fabricating projects off-site. Within our own organizations, however, we have often been very resistant to change. This contradiction, in part, has led us to operate our companies, and therefore our projects, in ways that are less productive, less consistent and less efficient than we would like.

In order to increase profits sustainably, we must first have an agreed-upon mission, an easily-understood strategy, a measurable action plan, and the processes that hold each of our key stakeholders accountable. This session will dive into some innovative solutions Modern Piping has developed to increase productivity, increase efficiency, and ultimately increase sustainable profit.

**Britton Langdon** is the Director of Support Operations for Modern Piping. He is responsible for managing the fabrication and BIM processes for the Cedar Rapids, lowa-based company. In addition, he is the architect behind the company's FabPro1 fabrication tracking software.

For more information about Britton Langdon, go to www.fabprol.com.

# **Victor Sanvido**

## **Delivering Lean IPD**

The principles of lean construction when delivered through Lean Integrated Project Delivery (IPD) together eliminate waste, duplication, delays, excess costs, misunderstandings between owners and contractors – all of which help bring projects to completion more quickly, efficiently, productively, and profitably. **Victor Sanvido**, an industry expert on Lean project management, will explain how Southland Industries applied lean and IPD on projects in remote locations.

As a senior vice president, Victor Sanvido is responsible for delivering engineering-led, integrated lean project delivery services to end-users in Southland Industries' target markets.

For more information about Victor Sanvido, go to southlandind.com.

# Annual Manufacturer/ Supplier Council Exhibit

Rise early to see the latest products and services offered by MCAA's supplier partners. This is your chance to see how the products and services you've come to rely on are responding to change with new technologies, innovations, and improvements. You will also see other products and services that are just emerging to take on the anticipated challenges that lie ahead. Representatives of the majority of MCAA's 130 Manufacturer/Supplier Council members—several of whom are first-time exhibitors—will be available to meet you and discuss your experience with their products and services at this sold-out exhibit.

### MEET THE NEXT GENERATION OF INDUSTRY PROFESSIONALS

## **Student Chapter Exhibit**

An exhibit of more than 25 MCAA student chapters from colleges and universities around the U.S. and Canada will be located in the same area as the *Annual Manufacturer/Supplier Council Exhibit* for your convenience. Students from top schools of construction management, mechanical engineering, and other disciplines related to our industry will be available for you to meet and consider for a possible summer internship or a full-time position.

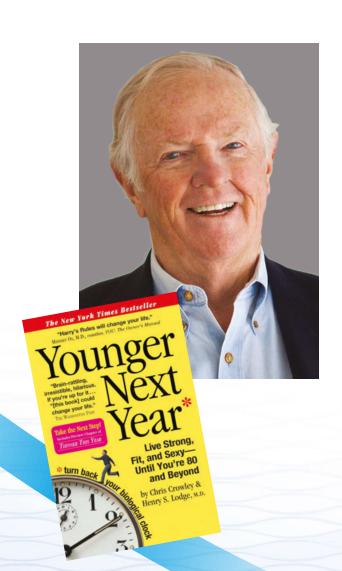

## 2016–2017 Student Chapter Competition

Watch the best and the brightest of MCAA's student chapter members face off in our annual *Student Chapter Competition*. Four teams of young men and women will demonstrate their knowledge of mechanical systems, the details of an actual project bid proposal, and the pressures on a contracting business while coping with the stresses of making a letter-perfect presentation before an audience of hundreds and answering tough questions from a panel of seasoned experts.

The finalist teams in this year's competition will deliver formal presentations of their project proposals before five judges. Each of the teams will be scored on the accuracy of their bid, the feasibility of their approach to performing the project work and the overall quality of their proposal.

Make sure this must-see event is on your Tuesday afternoon schedule, especially if you're in the market for a bright, well-educated industry professional. And, if you spot a potential candidate and would like to meet, go to MCAAGreatFutures.org for contact information.

## REFLECTIONS ON LIVING A FULL LIFE

# **Chris Crowley**

## Younger Next Year

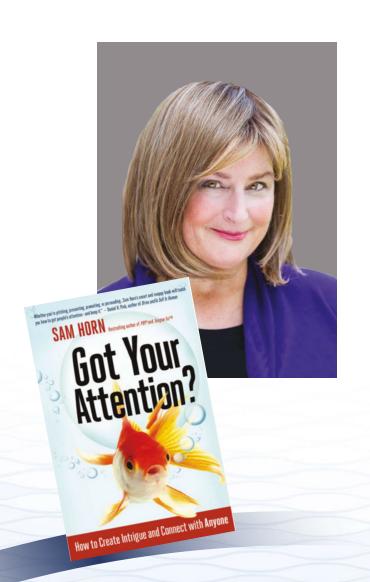

For many of us, living our lives like we were 50 until we're 80 is an elusive dream. But, for **Chris Crowley**, former Wall Street litigator, it's his life purpose. His book, *Younger Next Year*, has become the "Boomer's Bible" on matters of fitness, fun, and the committed life.

Eating better, staying fit and active, and leading a full, happy life is "one of the most important things in each of our lives and in the life of the Republic today. The combination of the slop we eat and our bone-idleness is wrecking our lives and ruining the economy. We have to change," he says, "and we will."

Crowley retired at 56 from a thriving law practice to live his "second life." He and his wife Hilary enjoy skiing, biking and rowing while he enjoys writing about staying thinner, being more active and talking about his passion to a variety of audiences.

Find out more about Chris Crowley and his committed lifestyle at youngernextyear.com.

## REFLECTIONS ON LIVING A FULL LIFE

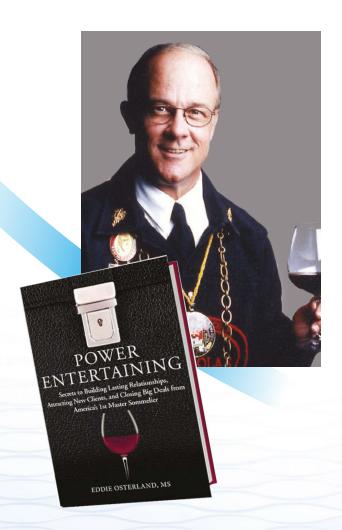

# Sam Horn

## Is the Light On in Your Eyes?

Are you working so long and so hard that you can't apply the brakes even for a minute to take a breath? When is the last time you had the light on in your eyes? Are you planning to relax and enjoy life when you retire? But, what if that doesn't happen? Now is the time to figure out what and who put the light on in your eyes and how to carve out time for that and them in the midst of your busy life. **Sam Horn's** inspiring, put-you-in-the scene stories and thought-provoking questions will help you clarify how to create the quality of life you want...now, not later.

Sam Horn is a communications strategist and the CEO of The Intrigue Agency, which helps people and companies create one-of-a-kind presentations, books, brands, causes and campaigns. She inspires her audiences to live a balanced life that allows time for the light to shine in one's eyes.

Learn more about Sam Horn and her insights on living a balanced life at samhorn.com.

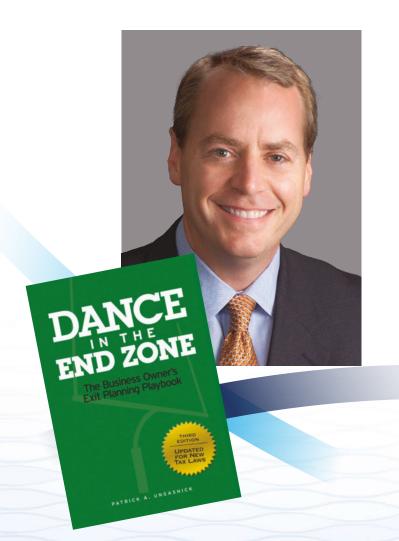

# **Eddie Osterland**

## **Power Entertaining**

Inviting business clients, colleagues and business prospects to dinner is a wonderful way of being gracious, hospitable and sealing a new relationship or celebrating a long-established one. Eddie "O" will share strategies and simple ideas that create an immediate, positive impact that will turn an ordinary experience into a lasting memory. Since selecting the wines and menu for the event can be daunting, he will offer suggestions on working with a restaurant, understanding the principles of food & wine pairing, and creating an experience that people will always remember.

**Eddie Osterland** is a true master of wine. He was the first of 47 Master Sommeliers in the U.S. He was the Wine Editor for *Restaurant Business* magazine, produced the popular audio training series, *Discovering the Pleasures of Wine*, and authored the book, *Power Entertaining*.

Learn more about the secrets and pleasures of fine entertaining by visiting eddieosterland.com.

# Patrick Ungashick

# Exit Planning - Dancing in the End Zone

Why do many successful CEOs and business owners struggle with planning for and achieving a happy exit from their business? What is wrong with conventional "exit planning" methods that cause owners to experience high stress, high taxes, high costs and eroded value when they finally sell the business or give it to the kids? **Patrick Ungashick** turns the conventional wisdom about exit planning upside down. He will show you that taking action now not only better prepares the business and owner for exit, it also helps create a better and stronger business today.

Patrick Ungashick has been helping business owners plan for and create successful exits for more than 20 years. He is the author of *Dance in the End Zone: The Business Owner's Exit Planning Playbook*, which has been widely quoted in the *New York Times*, *Wall Street Journal* and other national business and financial media. He is a member of Vistage International, a leading CEO organization.

More information about Patrick Ungashick is available at navixconsultants.com/our-founder.

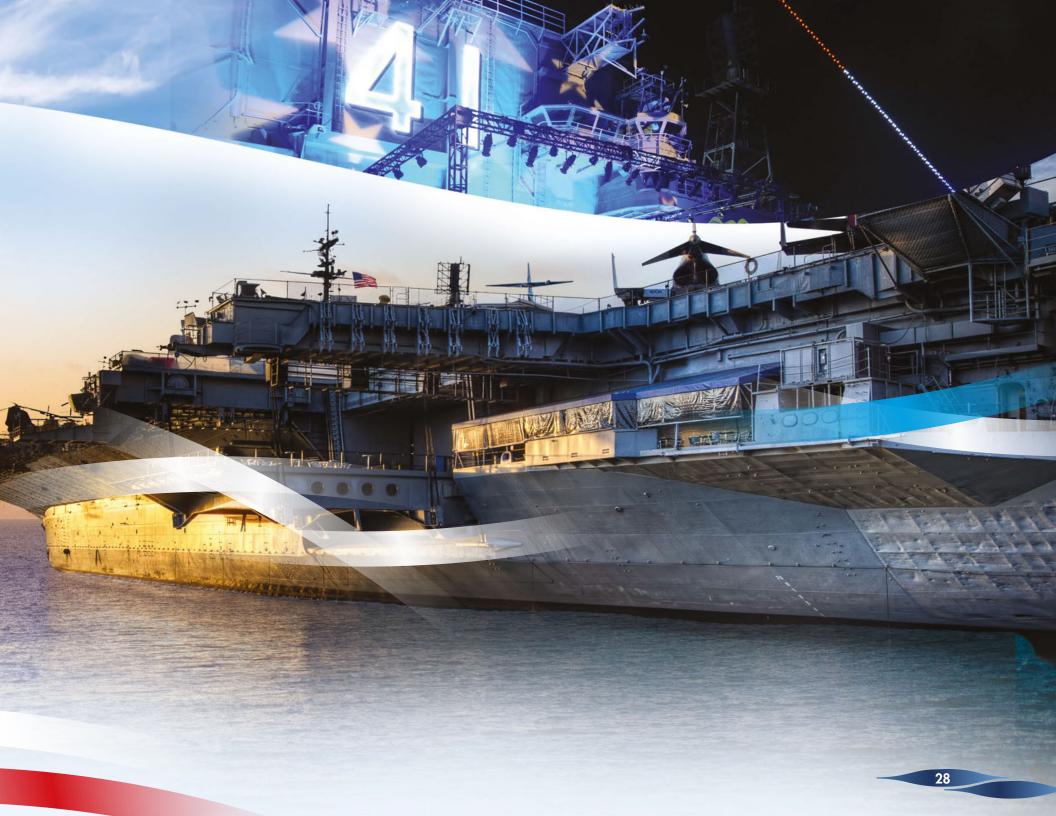

# USS Midway All Aboard for the Opening Celebration of MCAA 2017

The star of our **Opening Celebration** is a 71-year-old Navy aircraft carrier, the longest-serving such vessel of the 20th century. It was commissioned just one week after World War II ended in 1945, and was the largest Navy carrier in the world until 1955—too big to pass through the Panama Canal. It was active for almost 50 years, serving key roles in the Vietnam and Gulf Wars.

You will get the chance to learn about this ship's rich history through its exhibits and displays, which include the crew's sleeping quarters, a massive galley, engine room, the ship's brig, officers' quarters, post office, machine shops, and the primary flight control area in the bridge high over the flight deck. Try your hand at the flight simulators, watch short films about the ship's exploits or climb aboard the aircraft to get a feel for the real thing.

While you experience the *USS Midway's* history with old and new friends, get your photo taken, enjoy aerial artists, great food, your favorite beverages, and some of the best weather anywhere.

MCAA thanks SIEMENS for sponsoring the beverages and EVAPCO for sponsoring the photos.

## SUNDAY MORNING RECREATION

### **Annual Fun Run/Walk**

Sponsored by ANVIL International

#### **Embarcadero Marine Park**

Start your day at the Embarcadero Marine Park (behind the Marriott) for a bracing early morning run/walk along San Diego's beautiful marine park. All convention attendees are welcome to enjoy the continental breakfast. Anvil has made it easier to register with a new and improved online sign-up system, timing chips for every runner, and a staff member available Saturday afternoon for tee shirt and bib number pick up! Register at www.anvilfunrun.com or on-site at MCAA's Sports Desk on Saturday afternoon.

### **Annual Golf Tournament**

Sponsored by Victaulic and Carrier

Maderas Golf Club, Poway & Steele Canyon Golf Club, San Diego Leave the driving to someone else, bring your clubs on the bus and enjoy breakfast during the ride to the courses. Rental clubs will be available at both courses. You may register directly with MCAA for this event.

### **Annual Tennis Round-Robin**

Sponsored by NIBCO

#### **Balboa Tennis Club**

Enjoy a light power breakfast before hitting the courts. Adults will have access to the clinic before competing in the championship mixed doubles, round-robin matches. Once again, younger players can enjoy the Junior Clinic and Games before the tournament begins. You may register online at <a href="https://www.nibco.com/MCAA2017">www.nibco.com/MCAA2017</a> or on-site at MCAA's Sports Desk on Saturday afternoon.

## **REGISTER TODAY!**

## In a hurry?

# Go to www.mcaaconvention.org and click "Register."

Use MCAA's online registration system. You'll get an immediate email confirmation.

### Want to Fax or Mail your registration?

Fax to: 301 869 3520

Mail to: Our address is on the back of this brochure.

### Want to register others?

You'll need their email addresses, so be sure to have them handy.

### Bringing Children? You'll want to register them.

That way, they can attend the MCAA general sessions, the Joan Embery session, the opening event on the USS Midway, the Dessert Party and the recreational activities. Teens (ages 13–17) are also welcome to attend the Wednesday evening social event and any of the educational offerings. Those 18 and over should register at the family/guest rate.

### Want to play in the Golf Tournament?

Great, be sure to register now since it is limited to 240 players. Registered guests and family members over 13 years of age may also register. The per-player fee is \$150.

# REGISTRATION CUT-OFF DATES

EARLY BIRD: DECEMBER 19, 2016

REGULAR: FEBRUARY 10, 2017

#### **Hotel Reservations**

We'll make your room reservation for you.

You'll get a confirmation of your room request by email from MCAA.

Three weeks prior to arrival, you'll get your official confirmation from the Marriott.

### **Payment Methods**

MCAA accepts credit cards.

Checks are also welcome, but your registration is not processed until MCAA receives payment. Reservations with faxed copies of checks will not be accepted.

Hotel deposit checks should be made payable to the Marriott Marquis San Diego Marina.

#### **Need Help?**

Call us: 301 869 5800

Email us: eventregistration@mcaa.org
