A BUYER'S GUIDE 2019

Support the suppliers who support your association...and your business.

Discover how a partnership with the members of MCAA's Manufacturer/Supplier Council enhances your company's success. Browse through this excellent resource to learn more about the companies that will help you build your strategic supply chain—enabling you and your employees to increase your company's productivity and profitability. You will find innovative solutions to some of your most challenging construction concerns, learn about new products and find contact information for key executives—those who can assist you with purchasing, technical or service issues.

This listing of MCAA Supplier Partners is a convenient guide to help you plan for your company's needs, whether you want to streamline office operations or add value to your next job by bringing it in early or under budget—or both!

When choosing a product or service for that next bid, give an extra edge to the companies that support your association.

MCAA'S SUPPLIER PARTNERS

AB&I Foundry

7825 San Leandro Street
Oakland, CA 94621
(510) 632-3467
Fax: (510) 632-8035
E-mail: shannon.hooper@abifoundry.com
www.abifoundry.com

AB&I Foundry has been producing quality cast iron pipe and fittings for DWV plumbing systems for over a century. AB&I manufactures no-hub, hub, and spigot cast iron soil pipe and fittings for sanitary waste and vent and storm drains. All pipes and fittings are manufactured to CISPI 301, ASTM-888, or ASTM A-74 standards. No-hub couplings are available in both standard and heavy duty and SV gaskets are manufactured to ASTM 1540 and CISPI 310 standards.

Affiliated Distributors

500 East Swedesford Road
Suite 200
Wayne, PA 19087
(610) 977-3100
Fax: (610) 977-3194
E-mail: gjackson@adhq.com
www.adhq.com

With more than 3,800 branches from 550 plus independently-owned members, AD is North America's largest marketing/buying group for construction and industrial supplies. We leverage our unique economies of scale, robust financial systems and people-first approach to help our independent distributor members outperform the competition and our supplier partners protect their brands and diversify their channel strategies.

American Technical Publishers (ATP)

10100 Orland Parkway
Suite 200
Orland Park, IL 60467-5756
(708) 957-1100
Fax: (708) 957-1101
E-mail: service@atplearning.com
www.atplearning.com

For over 100 years, American Technical Publishers has published technical training materials for the building, electrical, metals and mechanical trades. The resources include an extensive array of artwork and feature clear writing by and for tradesmen. A more complete history and catalog of publications feature is available online.

MCAA'S SUPPLIER PARTNERS

American Valve ★

4940 Peachtree Industrial Boulevard
Suite 390
Berkeley Lake, GA 30071
(800) 645-0101
Fax: (800) 876-0109
E-mail: sales@americanvalve.com
www.americanvalve.com

For more than 100 years, the American Valve brand has represented innovative commercial and industrial valves built with confidence and quality. We specialize in lead-free plumbing valves, brass valves, flanged ball valves, thermoplastic valves, and flexible connectors.

Anaco-Husky

1001 El Camino Avenue
Corona, CA 92879-1704
(951) 372-2732
Fax: (951) 738-1183
E-mail: jack.dunaway@anaco-husky.com
www.anaco-husky.com

Husky couplings are engineered to last and withstand physical, temporal and chemical challenges confronting modern buildings. By manufacturing all parts in-house, total quality control is accomplished and superior products produced. Husky is 100% made in America and field-proven for 30 years.

Anvil International ★

2 Holland Way
Exeter, NH 03833
(603) 418-2800
Fax: (603) 418-2833
E-mail: dtaylor@anvilintl.com
www.anvilintl.com

Anvil International offers a full line of domestically-produced iron fittings, steel nipples, forged steel fittings and more, along with the most complete selection of engineered and commodity pipe hangers and supports for virtually every application. The Gruvlok® Piping System offers unique

alternatives for both grooved and plain-end steel or copper pipe.

(303) 937-1580
Fax: (303) 937-1599
E-mail: sales@appioninc.com
www.appiontools.com

Appion Inc. manufactures refrigerant recovery and system evacuation equipment, digital wireless vacuum and pressure gauges and a full line of vacuum-rated tools and accessories. We never stop challenging ourselves to develop smaller, lighter, easier, better and less expensive ways to help HVAC/R technicians perform their jobs better.

Applied Software

5901 Peachtree Dunwoody Road
Suite C230
Atlanta, GA 30328
(404) 564-1847
www.asti.com

A technology systems integrator for the AEC and manufacturing industries, Applied Software is an Autodesk Platinum Partner. Applied Software provides strategies and solutions to assist manufacturing, architecture, engineering and construction companies in optimizing their business processes and workflow and has been serving its clients since 1982. With a rich history and strong commitment to client success, the company prides itself on the trust clients place in them and the long-term relationships it maintains. Applied Software's professionals take the time to understand each client's business and goals, and to be part of its team. Visit our website for more information.

Aquatherm LP

825 West 600 North
Lindon, UT 84042
(801) 805-6657
Fax: (801) 326-4830
E-mail: support@aquatherm.com
www.aquatherm.com

Aquatherm is dedicated to providing the very best piping systems for anyone, from engineers to installers, to building owners and occupants, who relies on systems for comfort, warmth and even life.

Aquatherm's innovative piping systems are listed online.

Armstrong Pumps, Inc.

93 East Avenue
North Tonawanda, NY 14120-6594
(716) 693-8813
Fax: (716) 693-8813
E-mail: rmayhew@armstrongfluidtechnology.com
www.armstrongfluidtechnology.com

Armstrong Fluid Technology leads the fluid systems industry in providing the most energy-efficient and cost-effective pumping and HVAC solutions. Design Envelope technology enables the greenest, most flexible and most cost-effective fluid-flow and HVAC systems on the planet - resulting in both lowest installed AND lowest operating cost.

Asahi/America, Inc.

P.O. Box 1108
Lawrence, MA 01843
(781) 321-5409
Fax: (800) 787-6861
E-mail: asahi@asahi-america.com
www.asahi-america.com

Manufacturer of thermoplastic valves and piping systems; new in the commercial plumbing market. Asahitec is comprised of two systems: Climatec for hydronic heating applications, and Watertec for potable water.

Autodesk, Inc.

1 Market Street
San Francisco, CA 94105
(855) 301-9562
E-mail: adrian.finch@autodesk.com
www.autodesk.com

We make software for people who make things. If you've ever driven a high-performance car, admired a towering skyscraper, used a smartphone, or watched a great film, chances are you've experienced what millions of Autodesk customers are doing with our software. With Autodesk, you have the power to make anything. Autodesk Building Design and Construction solutions help mechanical contractors improve the way they design, detail, build, and

manage projects with software tools such as Fabrication CADmep, ESTmep, and CAMduct, Point Layout, and BIM 360. For more information, visit our website.

Automated Integration

10220 Forest Lane
Dallas, TX 75243-5123
(214) 272-8360
Fax: (949) 480-2916
E-mail: rick@automatedintegration.com
www.automatedintegration.com

Automated Integration specializes in dispatching and accounting software for the elevator, plumbing, HVAC and other service industries. Total Service 10.0 is a completely integrated dispatching and accounting software package that will allow you to take control of your business to increase productivity and profitability.

Baltimore Aircoil Company, Inc. ★

7600 Dorsey Run Road
Jessup, MD 20794
(410) 799-6200
Fax: (410) 799-6262
E-mail: hreitmeyer@baltimoreaircoil.com
www.baltimoreaircoil.com

Baltimore Aircoil Company is the world leader in the design and manufacture of evaporative cooling and heat transfer equipment. Founded in 1938, BAC offers the broadest range of evaporative heat transfer products in the industry. Products and services include open cooling towers, closed circuit cooling towers, industrial process coolers, evaporative condensers, and ice thermal storage equipment. Headquartered in Baltimore, Maryland, Baltimore Aircoil Company has manufacturing capabilities worldwide.

33 Turner Road
Danbury, CT 06810
(800) 543-9038
Fax: (800) 228-8283
www.belimo.us

Belimo is a world leader in the design, manufacture and marketing of damper actuators, control valve assemblies and ZIP Economizer used in commercial HVAC

MCAA'S SUPPLIER PARTNERS

systems. Belimo is well known for its innovation of the direct-coupled actuator and innovations in pressure independent control valve technology. Belimo provides the solutions that customers need to maintain an efficient building environment.

Bidtracer - Specialty Software Group LLC

10400 North Baehr Road
Mequon, WI 53092
(262) 236-0921
Fax: (262) 242-4320
E-mail: kris@bidtracer.com
www.bidtracer.com

Bidtracer is a complete solution for the construction industry. Bid, document and invitation management, mechanical service estimating, reporting and auto sales provide the ultimate means for securing projects. The integrated PM suite has a BIM room, tracks submittals, RFIs, RFPs, COs, POs, correspondence and much more!

Bitzer US, Inc. ★

4080 Enterprise Way
Flowery Branch, GA 30542
(770) 718-2900
Fax: (770) 503-9440
www.bitzerus.com

BITZER markets its full line of new Screw, Scroll, and Semi-Hermetic Reciprocating Compressors and Shell & Tube Condensers and Evaporators direct to MSCA members at significant discounts for Retrofit Conversion Upgrades. We provide exceptional Application Engineering Support and Premier Customer Service.

Buckaroos Inc.

9855 Crosspoint Boulevard
Suite 148
Indianapolis, IN 46256
(317) 899-9100
Fax: (317) 899-0775
E-mail: info@buckaroos.com
www.buckaroos.com

Buckaroos Inc. specializes in insulation shields and pipe supports, including pre-insulated saddles. Buckaroos Inc. offers a complete line of tools specifically designed for mechanical contractors.

Building Start ★

P.O. Box 88845
Sioux Falls, SD 57109
(888) 524-7622
www.buildingstart.com

Building Start's mobile, cloud-based software will streamline the field data collection efforts for HVAC Test & Balance professionals, Commissioning providers and mechanical contractors for equipment startup, pre-commissioning checklists and service professionals.

BuildingAdvice, Inc.

333 SE 2nd Avenue
Portland, OR 97214
(888) 629-4162
E-mail: jcrowder@buildingadvice.us
www.buildingadvice.us

BuildingAdvice delivers cutting-edge energy based diagnostic solutions to the HVAC industry to improve energy efficiency, comfort and mechanical systems operations. BuildingAdvice™, is an Energy Services Delivery Platform that includes Benchmarking, Energy & IEQ Assessments, Auditing tools and Energy SavingsTracker™. Our latest release strengthens service agreements by measuring the financial impact of your PM program and drives retrofit opportunities.

Carrier Corporation ★

9701 Old Statesville Road
Charlotte, NC 28269
(315) 432-6000
Fax: (860) 998-0660
E-mail: joseph.chirco@carrier.utc.com
www.carrier.com/commercial

Setting the standard for performance, energy efficiency and sustainability, Carrier offers solutions in heating, ventilating, air-conditioning and building automation systems that are available for immediate shipment. From equipment technical training to HVAC software and system design, Carrier University is always adding new curriculum and tools to better prepare you for tomorrow. Totaline offers a full-line of quality universal HVAC/R parts and supplies at an affordable price. For ease of installation, select Factory Authorized Parts.

CDS Services, Inc.

2348 Hampton Avenue
Saint Louis, MO 63139
(314) 645-5577
Fax: (314) 645-6767
E-mail: dale@cdsonsite.com
www.cdsonsite.com

CDS is an international company, specializing in the construction industry that provides onsite substance abuse testing and program administration, first aid and background screening services. CDS is headquartered in Saint Louis, MO, with offices in Appleton, WI and San Antonio, TX.

Cerro Flow Products LLC ★

P.O. Box 66800

We are AEC and technology veterans who are working with construction industry leaders, designing for efficiency, usability and best practices. Let us help you bring the best of manufacturing to construction.

HOW SPONSORS SUPPORT YOUR ASSOCIATION

When choosing a product or service for that next bid, give an extra edge to the companies that support your association.

Members of the Manufacturer/Supplier Council play a vital role in MCAA's commitment to lifelong learning by participating in a number of educational ventures. The Manufacturer/Supplier Council cooperates with MCAA initiatives that have produced or are in the process of producing some of the association's most valuable educational products.

In addition, MCAA's Supplier Partners support our educational events through their sponsorships and their participation at exhibits. They keep you updated about their latest products and services year-round in our Virtual Trade Show and contribute Smart Solutions Case Studies showcasing new technologies and cost-saving and productivity-enhancing applications. Both the Virtual Trade Show and the Smart Solutions Case Studies are at mcaa.org.

When contacting MCAA's Supplier Partners, remember to thank them for all they do for your association.

Marking Services, Inc.

Fax: (847) 941-3575
E-mail: kevin.osburn@siemens.com
<http://w3.usa.siemens.com/buildingtechnologies/us/en/Pages/buildingtechnologiesusa.aspx>

SIEMENS makes buildings comfortable, safe, productive and less costly to operate, by taking an intelligent infrastructure approach to building operations. The company focuses on improving the performance of customers' buildings so that customers can focus on improving business performance. SIEMENS provides a full range of services and solutions from more than 100 Building Technologies local USA offices.

SLOAN ★

10500 Seymour Avenue
Franklin Park, IL 60131
(800) 982-5839
Fax: (800) 447-8329
E-mail: info@sloan.com
www.sloan.com

Sloan is the world's leading manufacturer of commercial plumbing systems and has been in operation since 1906. Headquartered in Franklin Park, Illinois, USA, the company is at the forefront of the green building movement and provides smart sustainable restroom solutions by manufacturing water-efficient products such as flushometers, electronic faucets, sink systems, soap dispensing systems, and vitreous china fixtures for commercial, industrial and institutional markets worldwide.

A.O. Smith

500 Tennessee Waltz Parkway
Ashland City, TN 37015
(615) 792-4371
Fax: (615) 792-2149
E-mail: dhyde@hotwater.com
www.hotwater.com

A.O. Smith produced its first water heater in 1936. Since then, plumbing professionals have come to rely on A.O. Smith more than any other manufacturer because they provide more hot water solutions for customers. The range of A.O. Smith commercial and residential water heater choices is unmatched. Their technological leadership is unchallenged. Their manufacturing network straddles the globe. At the end of the day, however, they judge not by their size and strength, but by how well they serve every customer. Visit our website for more information.

(913) 664-7400
Fax: (913) 664-7439
E-mail: jodie.klaus@spx.com
www.spxcooling.com

SPX Cooling Technologies, Inc. is a leading global manufacturer of cooling towers, evaporative fluid coolers, evaporative condensers and air cooled heat exchangers providing full-service cooling solutions and support to customers in the power generation, petrochemical, industrial, refrigeration, and heating, ventilation and air conditioning (HVAC) markets for more than 100 years. For more information, please visit www.spxcooling.com or call 1-800-4Marley.

T-Drill Industries, Inc.

1740 Corporate Drive
Suite 820
Norcross, GA 30093
(800) 554-2730
Fax: (770) 925-3912
www.t-drill.com

T-DRILL is the world-class supplier of tube and pipe AMSE B31.9 approved fabrication solutions. T-DRILL machinery consists of both industrial solutions for several customer segments as well as portable solutions for mechanical contractors and plumbers.

Team Industries, Inc.

P.O. Box 350
Kaukauna, WI 54130
(920) 766-7977
Fax: (920) 766-0486
E-mail: lebben@teamind.com
www.weldpositioner.com

Team Industries, Inc. offers a 3000# Generation III and 3000# Generation IV (hydraulically elevated) welding positioner and gripper. The welding positioner/gripper provides a complete workstation that improves weld quality and increases operator efficiency. The positioner uses a programmable AC motor drive and interchangeable gear multipliers to provide high-quality results for different applications. A programmable AC drive supplies the power and controllability to slowly roll heavy wall pipe. The positioner also allows operators to weld small-diameter pipe with speeds up to 3.55 RPM.
