### The Latest News

- U.S. COVID-19 cases exceed 463,619 and 16,695 U.S. deaths. (Source: CDC)
- U.S. **stock market**: Thursday ended with the major U.S. benchmarks up for the second consecutive day, with the Dow gaining 285 points, the S&P up 39 points, and the Nasdaq rising 62 points.
- On Thursday, the Department of Labor [released](#) in its weekly **unemployment** report that claims reached 6.6 million last week bringing **the two week total to nearly 17 million**.
- **Today**, the Department of Health and Human Services (HHS) [began distributing the initial \\$30 billion in COVID-19 relief funding to providers](#) as part of the distribution of the \$100 billion fund provided for the Public Health and Social Services Emergency Fund (PHSSEF) through the CARES Act. This initial distribution of funds will go to hospitals and providers currently enrolled in Medicare and take effect immediately. Facilities and providers are allotted a portion of the \$30

billion based on their share of 2019 Medicare fee-for-service (FFS) reimbursements. **These are payments, not loans**, and will not need to be repaid. Fund recipients will be **prohibited from balancing billing COVID-19 patients** for related services. HHS is partnering with UnitedHealth Group to deliver the initial \$30 billion provider distribution and providers will be paid via Automated Clearing House account information on file with UnitedHealth Group, UnitedHealthcare, or Optum Bank, or used for reimbursements from CMS. Additional details can be found [here](#). **(New)**

- A second phase of targeted distributions to providers is expected to follow soon and will focus on providers in areas particularly impacted by the COVID-19 outbreak, rural providers, and providers of services with lower shares of Medicare FFS reimbursement or who predominantly serve the Medicaid population.
- CMS also announced yesterday that it **had approved over \$51 billion in accelerated or advance payments** for Medicare providers in its first week.
- The Centers for Disease Control and Prevention [announced](#) on April 9 an extension of its “No Sail” order for all cruise ships for at least 100 days. **(New)**
- On Thursday an attempt to pass Senate Majority Leader Mitch McConnell’s (R-KY) proposal for an **additional \$250 billion in small business loan funding failed to receive the unanimous consent** needed to pass, and an alternative proposal offered by Senate Democrats also failed. The Majority Leader’s proposal proposed to boost funding for the **Paycheck Protection Program (PPP)** and other small business aid authorized in the CARES Act two weeks ago. The Senate Democratic alternative proposal also included \$250 billion in additional small business aid and included **\$100 billion in aid for hospitals and other healthcare providers and \$150 billion additional funding for states, tribes, and local communities**. The alternative proposal also included a 15 percent increase in the Supplemental Nutrition Assistance Program (SNAP). Negotiations will continue and a consensus proposal could be reached as early as this weekend. **(New)**
  - These attempts to boost the funding for small business loans and in several other programs are **already being tagged relief bill 3.5** and are separate from the work on a larger, more comprehensive relief bill, 4.0, which remains underway.

## COVID-19 Related Legislation

- **Bill 4.0:** Despite the side bar action this week to seek quick approval for an additional \$250 billion in small business assistance as well as health care provider funding and other items as a part of **bill “3.5,”** Congress continues work to develop a larger 4.0 bill. Democrats hope to move the next bill before the end of April and their priorities include expanded health care coverage and hazard pay for health care and other essential workers. Congressional Republicans prefer to wait until May to gauge more fully the nation’s needs, and their priorities may include infrastructure spending. The failure to quickly enact a supplemental 3.5 bill, does not auger well for the negotiations on a larger 4.0 package later this month.
- **Bill 3.0: Coronavirus Aid, Relief, and Economic Security (CARES) Act,** ([H.R. 748](#)) passed on March 27.
  - A congressional section by section summary is available [here](#).

- A&B detailed summaries are below:
  - A&B [Summary](#) – CARES Act Health Provisions
  - A&B [Overview](#) – CARES Act Health Care Grants and Reimbursement Changes
  - A&B [Overview](#) – CARES Act Key Health Care Appropriations
  - A&B [Analysis](#) – CARES Act Funding Sources (**Updated 4/8/20**):
    - \$367 billion for Small Business Administration
    - Paycheck Protection Loan program (updated per the Interim Final Rule)
    - \$500 billion for the Treasury’s Business Stabilization Loan Fund
    - Tax Credits and Other Potentially Beneficial Tax Considerations
  - A&B [Summary](#) – CARES Act Small Business Provisions
  - A&B [Summary](#) – CARES Act Educational Provisions and Appropriations

  - A&B [Hospital Provisions Tracking Document](#) of COVID-19 Provisions Impacting Hospitals from all three bills (**Updated on 4/8/20**)
  - A&B [Summary](#) of oversight and enforcement provisions in the CARES Act
- Congress has passed three coronavirus emergency response bills and the first two are below:
  - **Bill 1.0: Coronavirus Preparedness and Response Supplemental (CPPRS)** ([H.R. 6074](#)) passed on March 5.
  - **Bill 2.0: Families First Coronavirus Response Act (FFCRA)** ([H.R. 6201](#)) passed on March 18.
- A new interactive (free) [webpage](#) which tracks how state legislatures and regulatory agencies are responding to the coronavirus epidemic, including pending bills, new regulations, and executive orders. (**New**)

## Key Administrative and Regulatory Actions

- The White House unveiled (4/7/20) a new hashtag, #AmericaWorksTogether, that will be used to **promote companies that are hiring employees during the economic crisis** and donating food and other supplies to health care workers.
- **President Trump invoked** the [Defense Production Act](#) last week (4/2/20) for the 3<sup>rd</sup> time in ten days, ordering a ban on exports by 3M Co. of scarce supplies, including N95 respirators, surgical masks, and gloves.
  - Earlier last week, the President [ordered](#) the Secretaries of the Departments of Health and Human Services and Homeland Security to “help domestic manufactures like General Electric, Hill-Rom, Medtronic, ResMed, Royal Philips, and Vyair Medical secure the supplies they need to build ventilators needed to defeat the virus.”
- President Trump [declared](#) (3/13/20) a national emergency under the Stafford Act, which allows the federal government to marshal additional resources and authorize greater regulatory flexibility to respond to the coronavirus outbreak.

## Department of Commerce

- **Department of Commerce (DOC)** Bureau of Industry and Security posted a statement describing the structure of the Defense Priorities and Allocations System (DPAS) and the authority delegated to other agencies. The statement links to a [DPAS training Course](#) to assist a company that receives priority rated contracts, subcontracts, or purchase order from the U.S. government or its contractors.

## Department of Defense

- The Office of the Under Secretary of Defense released a [memo](#) (4/2/20) stating that **DoD contracts** contain clauses that provide “that a contractor will not be in default because of a failure to perform the contract if the failure arises beyond the control and without the fault or negligence of the contractor.”
- The President announced an [executive order](#) (3/30/20) to **order up to 1 million Ready Reserve members to active duty for up to two years at a time to assist the nation** in this national emergency. He authorized 100% federal cost-sharing for the governors of Connecticut, Illinois, Michigan, Florida, Louisiana, Maryland, Massachusetts, New Jersey, Guam, and Puerto Rico to use National Guard to support state and local emergency assistance for 30 days.
- The Army Corps of Engineers released a [draft](#) (3/23/20) **request for proposals for companies** to submit bids with capabilities to convert hotel space to an acute alternate care facility to support treatment for COVID-19 patients. More information regarding contracting with the Army Corps of Engineers is available [here](#).

## Environmental Protection Agency

- On April 3, Environmental Protection Agency (EPA) Administrator Wheeler [outlined steps](#) to protect against fraudulent disinfectant claims.
- The EPA [identified](#) (4/7/20) approximately 225,000 pieces of personal protection equipment they will donate to state and local responders.
- On April 2, the EPA revised [List N: Disinfectants for Use Against SARS-CoV-2](#) to include products on EPA’s List G: Products effective against norovirus, and List L: Products effecting against the Ebola virus, as EPA has determined that these products also meet its criteria for use against SARS-CoV-2. There are now 357 disinfectants on List N. EPA has updated the list to include the specific types of surfaces products can be used on, such as hard or soft surfaces; use sites, such as hospital, institutional or residential; and whether a product can be applied by fogging.
  - The **EPA** will temporarily [allow](#) (3/31/20) manufacturers of already-registered EPA disinfectants on EPA’s List N: Disinfectants for Use Against SARS-CoV-2 to obtain certain active ingredients from any supplier without checking with the agency for approval.
- EPA issued an enforcement memo, “[COVID-19 Implications for EPA’s Enforcement and Compliance Assurance Program](#)” (3/26/20), detailing the Agency’s plan to **exercise enforcement discretion** for situations related to COVID-19. The policy is retroactive to March 13.

- EPA **will not seek fines and penalties for missed deadlines in routine monitoring, testing, and reporting**; settlement agreements; and consent decrees, and for excess emissions, so long as the company documents in detail that it was related to COVID-19 and takes every effort to meet compliance obligations. EPA must be notified of emission exceedances.
- **EPA is allowing hazardous generators** to store additional waste onsite, for longer periods of time, **without requiring a permit or changing generator status**.
- For animal feeding operations, the inability to transfer animals off-site will not trigger regulation as a CAFO, or a larger-categorized CAFO.
- EPA may offer “No Action Assurance” to operators of some critical infrastructure facilities, on a case-by-case basis. Public water systems are excluded from this policy.
- EPA also **issued a warning to pesticide producers**, manufacturers, distributors, and importers who claim their products can be used against COVID-19: ensuring companies comply with all applicable requirements for pesticide products – including prohibitions on false and misleading claims – will be the agency’s “focus” in order to protect public health.
- EPA is **allowing** manufacturers of disinfectants to obtain certain inert ingredients and inactive ingredients from different suppliers without checking with the agency for approval.
- **EPA** created a website, [Coronavirus and Drinking Water and Wastewater](#), which states that the risk to water supplies from the COVID-19 virus is low, and “Americans can continue to use and drink water from their tap as usual.”

## Federal Communications Commission

- The **Federal Communications Commission (FCC)** **issued** (4/3/20) an order waiving the content sponsorship **requirements during commercial advertising** time. The purpose of the order is to permit companies that have purchased advertising time to donate the time for the purpose of broadcast public service announcements prepared by the CDC or other governmental or public health agencies regarding COVID-19.
- The **FCC** **provided relief** on April 1 to enable rural broadband and phone providers to immediately **waive consumer fees**, including late payment and installation and cancellation fees, in order to help Americans work from home or access remote learning.
- The FCC adopted a **program** for \$200 million in COVID-19 telehealth grants (the COVID-19 Telehealth Program) and \$100 million in grants through the Connected Care Pilot Program to **assist hospitals, and other health care providers cover telehealth costs**. The funds for both were authorized by the **CARES Act**.
  - The FCC is now accepting applications for **COVID-19 Telehealth Program**. The Wireline Competition Bureau will review applications, select participants, make funding awards on a rolling basis, and will announce such information.
  - The FCC provided **guidance** (4/8/20) to address common application questions. (**New**)
    - There are steps interested providers can take immediately to prepare to apply for the COVID-19 Telehealth Program:
      1. Obtain an **eligibility determination** by filing an FCC **Form 460** with the Universal Service Administrative Company (USAC) (**Applicants can still**

- submit an application for the COVID-19 Telehealth Program while the Form 460 application is pending);**
2. [Register](#) to obtain an FCC Registration Number (FRN) in the Commission Registration System (CORES); and [register](#) with System for Award Management in order to receive funding.
    - To apply, applications must be submitted through the FCC's [Electronic Comment Filing System](#) (ECFS), inputting "20-89" in the "Proceeding(s)" box and completing the form, including the required information described in the [Report and Order](#).
- The FCC also provided additional details on the ***Connected Care Pilot Program***. The selected pilot projects will be supported for a three-year funding period, with separate transition periods of up to six months before and after the funding period (up to four years total).
    - Applicants must first obtain a USAC eligibility determination (Form 460, noted above). After confirming eligibility, the applicant must submit its pilot project proposal to the FCC.
    - The FCC plans to provide an application form ("Connected Care Pilot Program Application") that must be used when submitting project proposals to the FCC. Submitted applications must reference WC Docket No. 18-213. Applicants may file using the ECFS, but also must send a courtesy copy of the application via email to [ConnCarePilotProg@fcc.gov](mailto:ConnCarePilotProg@fcc.gov).
      1. The deadline for filing applications will be 45 days from the effective date of the Connected Care Pilot Program rules or 120 days from the release date of the [Report and Order](#) (whichever is later).
    - Additional details on the application and evaluation process, including key information on eligibility, certain required certifications, and how the FCC will choose participants, are available in the [Report and Order](#).

## Department of Health and Human Services

- The **Department of Health and Human Services (HHS)** has unveiled a [COVID-19 Resources](#) page.
- Pursuant to the President's [Executive Order](#), (3/25/20), HHS announced its initial [list](#) of health and medical resources that are subject to **hoarding prevention measures**. The list is subject to review and potential additions later. It includes several varieties of facial masks and other protective equipment, respirators, ventilators, drugs, and disinfectants.
- HHS posted a **new tracking feature that allows public viewing of all COVID-19 HHS grant and cooperative agreement awards** on its website at <https://taggs.hhs.gov/coronavirus>. The initial grants were distributed through programs in the Agency for Community Living, Centers for Disease Control and Prevention, National Institutes of Health, and Office for the Assistant Secretary for Emergency Preparedness. (**New**)
- The **HHS Office of Inspector General (HHS-OIG)** [issued](#) (4/3/20) a policy statement regarding the application of previously issued blanket waivers to **Anti-Kickback Statute** sanctions.
  - OIG announced its decision to exercise its enforcement discretion to not impose administrative sanctions under the federal Anti-Kickback Statute (AKS) for certain remuneration related to COVID-19. Specifically, OIG is applying *11 of the 18 waivers*

[previously issued by CMS](#) for physician self-referral law sanctions to administrative sanctions.

- **OIG Policy Statement Applies Only to the Following Blanket Waivers**
  - *Waiver for personally performed services*
  - *Waivers for certain rental rates*
  - *Waivers for purchase of items and services*
  - *Waivers for certain physician compensation arrangements*
    - See our previously published A&B [Health Care Advisory](#) analyzing each category of waivers.
- HHS [announced](#) on Tuesday it is **purchasing the ID NOW COVID-19 rapid point-of-care test** for state, territorial and tribal public health lab use.
- The **HHS Office of Civil Rights (OCR)** [released](#) a notification (4/9/20) that it will exercise its enforcement discretion and will **not impose penalties for violations of the HIPAA Rules against covered entities or business associates in connection with the good faith participation in the operation of COVID-19 testing sites** during the COVID-19 nationwide public health emergency. This exercise of enforcement discretion is effective immediately but has a retroactive effect to March 13, 2020. (**New**)
- The HHS OCR [announced](#) (4/2/20) that it will exercise its **enforcement discretion** and will not impose penalties for violations of certain provisions of the **HIPAA Privacy Rule** against health care providers or their business associates for the good faith uses and disclosures of protected health information (PHI) by business associates for the public health and health oversight activities during the COVID-19 nationwide public health emergency. This [notice](#) is effective immediately.
- The HHS Office of the Assistant Secretary for Health announced new [guidance](#) authorizing pharmacists to order and administer COVID-19 tests.

#### Assistant Secretary for Preparedness and Response

- **ASPR** [announced](#) (3/24/20) it was providing \$100 million in awards for health systems to prepare for COVID-19 patients.
- **ASPR** has created several **resource sites for peers** to share COVID-19 best practices on promising practices, plans, tools, or templates on [supply chain](#), [fatality management](#), and [emergency departments](#).

#### Centers for Disease Control and Prevention

- For the most up to date **CDC guidance** visit [here](#). The CDC has also added a series of **Training for Health Professionals** [webinars](#).
- The CDC released new [guidance](#) (4/9/20) advising that **critical infrastructure workers may be permitted to continue work following potential exposure to COVID-19**, provided they remain asymptomatic and additional precautions are implemented to protect them and the community. A potential exposure means being a household contact or having close contact within 6 feet of an individual with confirmed or suspected COVID-19. The timeframe for having contact with an

individual includes the period of time of 48 hours before the individual became symptomatic. **(New)**

- The CDC [issued](#) (4/7/20) guidance for businesses and buildings on how to ensure that **water systems are safe to use after prolonged shutdowns**.
- The CDC [updated](#) (4/7/20) its personal protection equipment (PPE) **burn rate calculator** to help health care providers plan and optimize the use of PPE response to COVID-19.
- The CDC has released a [report](#) (4/7/20) on **COVID-19 illness in children** which includes topline findings on diagnosing and treating children with COVID-19.
- HHS [announced](#) (4/6/20) that the **CDC** would provide **\$186 million in funding** to state and local jurisdictions to respond to COVID-19.
- For **pharmacy** staff, the CDC has posted [information](#) on strategies to minimize risk of exposure.
- The Centers for Disease Control and Prevention [announced](#) on Friday its recommendation that **everyone use a simple cloth over one's face** to slow the spread of the virus. The cloth does not need to be a face mask (or N95) and can be fashioned from household items.
- The CDC updated its [recommendations](#) (4/3/20) on **optimizing the supply of PPE**.
  - The CDC also released [guidance](#) on the collection and submission of postmortem specimens from deceased person with COVID-19, and last week multiple new areas of [information](#) was posted on: health care providers and pregnant women; pediatric providers and children; what law enforcement need to know; what school administrators need to know; and PPE for individuals caring for a COVID-19 patients.
- On March 25, the CDC published two preparedness checklists: one for [health care professionals](#) and one for [hospitals](#).

## Centers for Medicare & Medicaid Services

- On April 9, **CMS** temporarily [suspended](#) a number of rules—effective immediately—so that hospitals, clinics, and other health care facilities can boost their frontline medical staffs. **(New)**
  - As a result of CMS's action:
    - Doctors can now directly care for patients at rural hospitals, **across state lines** if necessary, **via phone, radio, or online communication**, without having to be physically present. Remotely located physicians, coordinating with nurse practitioners at rural facilities, will provide staffs at such facilities additional flexibility to meet the needs of their patients.
    - Nurse practitioners, in addition to physicians, may now perform some medical exams on Medicare patients at **skilled nursing facilities** so that patient needs, whether COVID-19 related or not, continue to be met in the face of increased care demands.
    - Occupational therapists from **home health agencies** can now perform initial assessments on certain homebound patients, allowing home health services to start sooner and freeing home-health nurses to do more direct patient care.
    - **Hospice nurses** will be relieved of hospice aide in-service training tasks so they can spend more time with patients.
  - CMS also [released](#) a fact sheet including additional information on the waivers announced on April 9. **(New)**

- CMS has created a [website location](#) for COVID-19 **stakeholder call recordings and transcripts**, and the most recent daily CMS COVID-19 news alert can be found [here](#) (**updated 4/9/20**). The number of CMS conference calls and webinars keep a steady pace:
  - CMS held a COVID-19 Update call on Tuesday and provided a slide [presentation](#) summarizing recent action.
  - CMS released a [video](#) (4/2/20) on the common questions regarding Medicare's **telehealth** services benefit.
- CMS [issued](#) (4/7/20) a dear clinician letter that outlines a summary of actions CMS has taken to ensure clinicians have maximum flexibility to reduce unnecessary barriers to providing patient care during the unprecedented outbreak of COVID-19. The summary includes information about **telehealth and virtual visits, accelerated and advanced payments, and recent waiver information**.
- The Agency [announced](#) on Tuesday it had **approved** approximately **\$34 Billion for providers in accelerated or advance payments**. Of the 25,000 requests received, CMS had approved 17,000 during the program's first week.
- A new COVID-19 ICD-10 diagnosis code was [announced](#) by CMS and is effective April 1.
- CMS [updated](#) (4/7/20) its recommendations to postpone non-essential surgeries and other procedures to conserve critical health care resources and limit exposure of patients and staff to COVID-19.
- CMS [issued](#) on Tuesday (4/6/20) a **Medicare Advantage and Part D** rate announcement for CY 2021 with an 1.66% average change in revenue relative to last year. The announcement does not catalog CMS's actions regarding COVID-19, but these are [explained](#) in a summary included with the [announcement](#).
- On April 2, CMS [issued](#) recommendations to **nursing homes** and state and local governments on infection control in long term care. The [recommendations](#) include:
  - Nursing homes should immediately ensure that they are complying with all CMS and CDC guidance related to infection control.
  - CMS/CDC urges State and local leaders to consider the needs of long-term care facilities with respect to supplies of PPE and COVID-19 tests.
  - Nursing homes should immediately implement symptom screening for all staff, residents, and visitors – including temperature checks.
  - Nursing homes should ensure staff are using appropriate PPE, to the extent PPE is available and per CDC guidance on conservation of PPE.
- CMS [announced](#) on March 30 that it **will suspend audit activity**, stating that, "The agency will continue to engage in oversight activities but will suspend requesting additional information from providers, healthcare facilities, Medicare Advantage and Part D prescription drug plans, and States."
- On March 30, CMS released an **Interim Final Rule**, which made numerous regulatory changes to provide **additional flexibility for health care providers** and temporarily remove certain limitations on care delivery. These changes have retroactive applicability to March 1. While many of these changes were developed prior to the enactment of the **Coronavirus Aid, Relief, and Economic Security Act (CARES Act)**, significant flexibility has been conferred on individuals and entities that provide health care services to Medicare beneficiaries during the COVID-19 public health emergency. Comments are due not later than June 1, 2020.

- On April 9, CMS issued [FAQs](#) regarding this interim final rule. (**New**) See this A&B [Summary](#) for the key details of the Interim Final Rule. (4/8/20) (**New**)

## CMS CARES Act Guidance

- In response to the **Coronavirus Aid, Relief, and Economic Security Act (CARES Act)**, CMS continues to release guidance required under the Act:
  - On March 30, CMS announced sweeping changes in response to requirements of the CARES Act. The changes are summarized in this CMS [release](#). The new waivers and flexibilities for health care providers are outlined by CMS in the following:
 

**CMS new waivers and flexibilities:**

    - [Summary of COVID-19 Emergency Declaration Waivers & Flexibilities for Health Care Providers \(PDF\)](#)
    - [List of Blanket Waivers \(4/3/20\)](#)
    - [Blanket waivers of Section 1877\(g\) of the Social Security Act](#)

      - [IFC Federal Register Announcement \(4/1/20\)](#)
    - [Graphic Overview of Flexibilities \(PDF\)](#)
    - [Provider Burden Relief Frequently Asked Questions \(PDF\)](#)
    - [Provider Enrollment Relief Frequently Asked Questions \(PDF\)](#)
    - [Updates for State Surveyors and Accrediting Organizations \(EMTALA and Infection Control\)](#)
    - [Reprioritization of PACE, Medicare Parts C and D Program, and Risk Adjustment Data Validation \(RADV\) Audit Activities \(HPMS Memo\)](#)
- **Provider-specific fact sheets** on new waivers and flexibilities are available [here](#).
  - Need a **deeper dive on these new waivers**?
    - The **EMTALA waiver** provides greater flexibility for hospitals to manage medical screening examinations (MSEs). For additional analysis, read this A&B [advisory \(4/1\)](#).
    - CMS also announced blanket waivers of sanctions imposed under the **physician self-referral laws**. For a detailed discussion of this issue, read this A&B [advisory \(4/1\)](#).
  - The **telehealth expansion waiver**, which was originally expanded in the Coronavirus Preparedness and Response Supplemental Act (1.0), was **further expanded** in the **CARES Act**.
    - CMS released an [information bulletin \(4/2/20\)](#) on telehealth for Medicaid substance use disorder services.
    - The full details of the latest **telehealth changes** are discussed in this A&B [advisory \(3/31/20\)](#).
    - **Telehealth guidance (3/17/20)** was announced last week broadening access to Medicare telehealth service regardless of patient residence and covering a wide range of services. The telehealth waiver has been expanded; states can cover telehealth without approval, and HIPAA rules will be relaxed, and penalties waived. Factsheets related to these changes:

1. CMS issued an electronic [toolkit](#) regarding telehealth and telemedicine for Long Term Care Nursing Home Facilities (3/28/20)
  2. CMS [telehealth FAQs](#) (3/17/20)
  3. HHS 1135 HIPAA waiver [factsheet](#) - HIPAA Security Rule [safeguards](#)
  4. HHS Notice of Enforcement Discretion [factsheet](#)
  5. HHS Office of Civil Rights [bulletin](#)
  6. [Guidance](#) on Business Associate Agreements
- The **CARES Act** required CMS to expand its **accelerated and advance payment program**, and on March 28 a [statement](#) and [fact sheet](#) were released providing guidance on the policy. For additional analysis, read this A&B [advisory](#) (3/30/20) on the CMS guidance.
    - CMS [announced](#) on 4/7/20 that it had delivered nearly \$34 billion in the past week to providers in addition to the \$100 billion provided for in the CARES Act. CMS stated that it had approved 17,000 out of over 25,000 requests received in the past week.
  - CMS, on behalf of Vice President Mike Pence, sent a [letter](#) (3/30/20) to the nation's hospitals **requesting** (not requiring) **they report data**, including on testing, bed capacity, and supplies connection with their efforts to fight the COVID-19 pandemic.
  - The CMS **Center for Clinical Standards and Quality (CCSQ)** issued a [memorandum](#) (3/26/20) stating that under the **Clinical Laboratory Improvement Act (CLIA)** the agency would allow laboratories to utilize temporary testing sites, such as the pathologist's home, for remote review and reporting of slides/images as long as specific criteria are met.
  - On **1135 Waivers**: Further information continues to be released on blanket waivers after the initial [guidance](#) (3/13/20) response to the national emergency executive order.
    - CMS issued provider enrollment FAQs for 1135 blanket waiver, available [here](#) (3/22/20).
    - In addition, there is an FAQ on telehealth services (Q11) and requirements if a practitioner seeks to furnish Medicare telehealth services from his or her home.
    - CMS has approved **49 coronavirus 1135 waivers**, and for more details and the full list [CMS approved 1135 waivers can be found here](#). And on March 27, CMS announced the **approval of 16 state hospital associations in one letter** (it can be found [here](#) and additional [information](#).)
  - The National Uniform Billing Committee has provided [guidance](#) on **claims for COVID-19** treatment and approved the use of DR (disaster related) condition code for services related to the coronavirus.
  - On March 25, CMS [announced](#) it did not have the authority to **waive Open Payment reporting** requirements, and the March 31 deadline remains in place.
  - CMS released several other alerts and guidance the week of March 23:
    - Medicare Provider Enrollment Relief FAQs (see: [FAQs](#)).
    - CMS posted guidance on Payment and Grace Period Flexibilities for issuers offering coverage on the federally-facilitated exchanges and state-based exchanges on the federal platform (see: [guidance](#)).
    - CMS announced it will be exercising enforcement discretion so QHP issuers and SADPs can extend payment deadlines for initial binder payments and ongoing premium payments. CMS released FAQs on availability and usage of telehealth through private health insurance (see: [FAQs](#)).

- CMS released FAQs on prescription drugs and COVID-19 for health insurance issuers in individual and small group markets (see: [FAQs](#)).
- CMS [announced](#) (3/22/20) relief for providers participating in **quality reporting programs**, including granting exceptions from reporting requirements and extensions for clinicians and providers participating in Medicare quality reporting programs for the upcoming measure and data submission for those programs. The release includes tables listing the impacted programs and extensions.
- **Medicaid:**
  - On April 2, CMS [updated their Medicaid FAQs](#).
  - CMS posted notice (3/24/20) that it had [withdrawn](#) its proposed **rule to tighten Medicaid eligibility** determination.
  - CMS released [guidance](#) (3/24/20) implementing provisions of the FFCRA that provide states with enhanced federal Medicaid funding referred to as the **Federal Medical Assistance Percentage (FMAP)** funding during the COVID-19 emergency.
  - CMS released new [tools](#) (3/20/20) for state **Medicaid and Children's Health Insurance Programs (CHIP)** and updated [FAQs](#) (3/18/20). The tools include:
    - 1115 Waiver Opportunity and Application [checklist](#);
    - 1135 Medicaid and CHIP Waiver [checklist](#);

- On March 23, President Donald Trump released an [Executive Order](#) on hoarding and **price gouging** of critical COVID-19 supplies. For guidance and tips on how businesses can respond if they are victims of price gouging, read this A&B [advisory](#) (3/26/20).
- On April 6, Ian Conner, the director of the **Federal Trade Commission's (FTC) Bureau of Competition** published a [blog post](#) about the importance of the agency "stay[ing] the course" when it comes to antitrust enforcement. Even as agency staff work remotely to review mergers and alleged anticompetitive conduct, Conner wrote, "We will not suspend our usual rigorous approach to ferreting out anticompetitive harm and seeking appropriate relief, even in the face of uncertainty. It might be tempting, for example, for parties to urge us to relax the rules in a time of crisis. But we know what the likely long-term negative consequences of such a reactionary policy would be: fewer competitors, reduced innovation, and higher prices." In particular, Conner emphasized the FTC will not lower its standards for evaluating who will be effective third-party buyers of businesses or assets required to be divested to resolve FTC merger investigations.
- On April 2, the FTC and FDA sent letters to three companies for selling fraudulent COVID-19 products, as part of the agencies' effort to protect consumers. (Letters available [here](#), [here](#), and [here](#)). **This is the third time the FTC sent warning letters to companies for their actions related to the pandemic.**
  - On March 27, the FTC sent [letters to nine VoIP providers](#) and other companies warning them that "assisting and facilitating" illegal telemarketing or robocalls related to the Coronavirus pandemic, including by providing VoIP services, is against the law. Earlier in March, the FTC and FDA sent [warning letters](#) to seven companies about unsupported claims that products can treat or prevent Coronavirus.
- The FTC Chairman Joe Simons issued a [statement](#) (3/26/20) outlining the agency's efforts to protect consumers during the Coronavirus pandemic. Simons also acknowledged the challenges **businesses face in getting important goods and services to people across the country**, and that the agency would be "flexible and reasonable" in enforcing compliance requirements. He also announced an email address for businesses seeking guidance: [business.covid@ftc.gov](mailto:business.covid@ftc.gov), noting FTC staff would respond to inquiries as quickly as possible.
- On March 25, the FTC released [business guidance](#) **warning against various scams** seeking to exploit companies' concerns around COVID-19. Scams the FTC warns against include a variety of robocall and email-related phishing scams (including through emails purporting to come from company CEOs or IT departments, or government agencies), and fraudulent websites that mimic

legitimate online retailers. The alert also provides advice on how companies can keep their networks safe.

- DOJ Antitrust Division and **Federal Trade Commission (FTC)** [announced](#) (3/24/20) they will be expediting their usual antitrust business review letter/informal opinion process on competitor collaborations to be done within 7 days (as opposed to the usual many months) of submission of information. It will be available to entities proposing to collaborate on public health projects responding to the virus, including health care providers and other suppliers of relevant goods and services. For more information about this announcement, review this A&B [summary](#) (4/6/20).
  - Coronavirus challenges grow for companies responding to issues like the new expedited government review process. For practical advice on **avoiding antitrust risk**, review this A&B [advisory](#). (3/24/20)
  - The DOJ completed its **first Business Review Letter under the new expedited review process** on April 4, [announcing](#) that “it will not challenge collaborative efforts of McKesson Corporation, Owens & Minor Inc., Cardinal Health Inc., Medline Industries Inc., and Henry Schein Inc. to expedite and increase manufacturing, sourcing, and distribution of personal-protective equipment (PPE) and coronavirus-treatment-related medication.”
  - In addition to the expedited BRL process, certain joint ventures and standard development organizations can also find some level of reduced antitrust risk through a seldomly used law—the National Cooperative Research and Production Act (“the NCRPA”).
  - The DOJ filed its first [enforcement action](#) (3/21/20) against COVID-19 fraud, successfully obtaining a temporary restraining order against the operators of the website, “coronavirusmedialkit.com.”
- Understanding **how federal agencies will review merger transactions during the coronavirus outbreak has business and legal implications**. The A&B Mergers & Acquisitions Group [examines](#) (3/19/20) what you need to know.

- Offer forbearance—deferred or reduced mortgage payment options—for up to six months to affected borrowers;
- Delay submitting Due and Payable requests for Home Equity Conversion Mortgages by six months; and
- Extend any flexibility they may have under the Fair Credit Reporting Act relative to negative credit reporting actions.
- The **Department of Education** [announced](#) on April 9 that more than \$6 billion will be distributed immediately to colleges and universities to provide direct emergency cash grants to college students whose lives and educations have been disrupted by the coronavirus outbreak. The funding is available through the Higher Education Emergency Relief Fund authorized by the CARES Act. **(New)** Additional details can be found in this [FAQs](#) on Dept. of Education grant funds. **(New)**
  - The Department of Education also released a [proposed regulation](#) on April 2 amending eligibility requirements for faculty and student interactions in online college programs. Members of the public will have 30 days to submit comments on the Education Department’s proposal before it issues a final rule.
  - The Department of Education also [announced](#) (3/31/20) new federal deadline flexibility for Career and Technical Education leaders.
- The **United States Copyright Office** [announced](#) (4/6/20) that in addition to previously announced extensions, it would provide emergency relief for mechanical royalty payments and notice requirements under Section 115 of the Copyright Act with respect to copyright owners who previously received these items in paper format.
- On March 31, the **U.S. Patent and Trademark Office (USPTO)** announced extensions to the time allowed to file certain [patent](#)-related and [trademark](#)-related documents and to pay certain required fees. For additional details on this topic, review this A&B [advisory](#) (4/2/20).
- The **Department of Veterans Affairs (VA)** [announced](#) on April 3 that financial relief actions would be extended to veterans with COVID-19, include suspending all actions on Veteran debts under the jurisdiction of the Treasury Department and suspending collection action or extending repayment terms on preexisting VA debts, as the Veteran prefers.
  - The VA released a [statement](#) (3/31/20) that veterans continue to receive benefits and services after the Veterans Benefits Administration (VBA) temporarily closed its [56 regional offices](#) to the public in response to COVID-19.
- The **Department of Agriculture (USDA) Rural Development Division** has launched a [resource page](#) to help rural residents, farmers, and businesses stay current on the Agency actions related to COVID-19.

- The **Commodity Futures Trading Commission (CFTC)** issued a no-action [letter](#) (3/20/20) offering temporary relief to commodity pool operators (CPOs) from certain obligations under the Commodity Exchange Act and CFTC regulations. A deeper dive on whether this guidance to allow

commodity pool operators to delay their reporting obligations during the coronavirus pandemic can be found [here](#). (3/23/20)

- **Construction Industry:** The coronavirus pandemic creates special problems for the construction industry which include site safety and contractor and subcontractor responsibilities for such. These issues and more are examined in this A&B [advisory](#).
  - **Construction contracts:** The availability of force majeure and other related doctrines to excuse contractual performance is examined [here](#) (3/23/20).

## Trade and International Business Issues

- **Temporary FEMA rule will ban export of some medical equipment without approval.** Some medical equipment needed to combat COVID-19 cannot be exported from the U.S. without the “explicit approval” of the Federal Emergency Management Agency, according a new rule set to take effect this week. The “temporary final rule” will be effective from April 10 through mid-August, according to a [Federal Register notice](#) set to be published officially on Friday. **(New)**
- **European Commission provides antitrust guidance.** On April 8, the European Commission [published](#) a “Temporary Framework Communication” to provide antitrust guidance to companies co-operating in response to urgent situations related to the current coronavirus outbreak. The European Commission also issued a rare “comfort letter” concerning a specific co-operation project aimed at avoiding situations of shortages of critical hospital medicines. This appears to correspond to the expedited DOJ / FTC business review / informal opinion letters. **(New)**
- **Customs to seize exports of masks and gloves amid coronavirus pandemic.** U.S. Customs and Border Protection (CBP) announced Wednesday it will prevent respirators, surgical masks and surgical gloves from leaving the country. The Federal Emergency Management Agency (FEMA) will then determine if the equipment should be returned, purchased by the government or exported. The announcement comes days after President Trump invoked the Defense Production Act (DPA) to stop the flow of critical equipment outside of the country. See joint statement of CBP and FEMA [here](#). **(New)**
- **WTO offers bleak outlook for 2020 as countries take drastic measures to fight pandemic.** The economic recession sparked by the pandemic is likely to be the worst in a generation, according to a World Trade Organization report released on Wednesday, with global merchandise trade expected to plunge as much as 32 percent this year. See the full outlook [here](#). **(New)**
- **WCO, WHO Issue Updated COVID-19 Medical Supplies Classification Guide.** The World Customs Organization, with help from the World Health Organization, updated its [list](#) of tariff classifications for COVID-19 medical supplies, the WCO said in a [news release](#) to cover a greater range of medical equipment and supplies that are required as critical items by the WHO. **(New)**
- **Grassley Supports Tariff Deferral and Zero Tariffs on Medical Goods Needed for Crisis.** The leaders of the congressional committees that oversee trade policy have [asked](#) the International Trade Commission to organize a list of all goods that relate to the response to the COVID-19 pandemic, with their tariff rates, any additional tariffs, and any tariff exclusions on those goods. **(New)**
- **Federal Maritime Commission to Begin Review of COVID-19 Supply Chain Issues.** The Federal Maritime Commission (FMC) is using newly formed Supply Chain Innovation Teams to look into

potential agency actions to reduce supply chain slowdowns related to the COVID-19 pandemic, the FMC said in an April 6 [news release](#). **(New)**

- **DEA Adjusts 2020 Quotas for Controlled Substances in Response to COVID Pandemic.** The Drug Enforcement Administration is [adjusting](#) 2020 production quotas for controlled substances in schedule II of the Controlled Substances Act, as well as quotas for the manufacture and importation of the Schedule I chemicals ephedrine, phenylpropanolamine and pseudoephedrine. “This increase is in response to the current nationwide COVID-19 public health emergency,” the DEA said. **(New)**

## Insurance Issues

- More auto insurers have joined in voluntarily returning some money to customers as the widespread government shutdowns result in a decline in driving as people shelter at home.
- A [Pandemic Risk Insurance Act](#), modeled after the TRIA, has been under consideration by the U.S. House Financial Services Committee since Mid-March. Thus far, a draft bill is unavailable. **(updated 4/10/20)**
- Pennsylvania and South Carolina are the latest states to follow the Rhode Island, Louisiana, New York, New Jersey, Massachusetts, and Ohio proposals that would re-write business interruption coverage to force insurance companies to cover businesses that have shut down due to the novel coronavirus pandemic and, at least in some cases, override express policy exclusions for infectious diseases or virus contamination. Pennsylvania’s bill has bipartisan support from 37 members of the House. **(New)**
- New lawsuits have been filed against insurers regarding business interruption coverage for claims arising out of the COVID-19 pandemic. These suits follow several other [similar actions filed](#) in New Jersey, Indiana, South Carolina, Louisiana, Oklahoma, California, Texas and Illinois **(Updated 4/10/20)**
  - On April 8, 2020, Somco LLC dba J3 Clothing Company filed suit against Lightning Rod Mutual Insurance Company Ohio state court seeking a declaratory judgment from the court that it is entitled to business interruption coverage for losses associated with the coronavirus pandemic and executive orders issued by the Governor of Ohio.
  - On April 7, 2020, Sharecropper LLC dba Ollie Irene filed suit against its insurer Farmers Insurance Exchange Inc. dba Farmers Insurance in Alabama state court. Plaintiff alleges that it was forced to close to dine-in services as a result of the coronavirus pandemic and Farmer’s denied its claim for business interruption coverage. Plaintiff seeks a declaration that its losses are covered losses under its policy.
  - On April 6, 2020, Mace Marine Inc., the owner and operator of Conch Republic Dive Shop in the Florida Keys brought suit against its insurer Tokio Marine Specialty Insurance Co. in Florida state court. Mace Marine alleges that the insurer breached the policy when it denied business interruption coverage for claims pertaining to losses arising out of the coronavirus pandemic.

### Additional Workplace (Stay-at-Home) Issues

- The CDC released new [guidance](#) (4/9/20) advising that **critical infrastructure workers may be permitted to continue work following potential exposure to COVID-19**, provided they remain asymptomatic and additional precautions are implemented to protect them and the community. A potential exposure means being a household contact or having close contact within 6 feet of an individual with confirmed or suspected COVID-19. The timeframe for having contact with an individual includes the period of time of 48 hours before the individual became symptomatic. **(New)**
- Following the [CDC's recommendation](#) of wearing face coverings as “additional, voluntary public health measure,” we are seeing a trend of **local government orders mandating the use of facemasks or cloth face coverings in public and/or the workplace**. **(New)**
  - Examples include several counties and municipalities in Southern California (including the [City of Los Angeles](#)), [Hoboken, New Jersey](#), and [Texas counties](#).
  - Most mandate use by individuals when in public, but at least one local government (Los Angeles) is requiring employers to provide the face coverings for their employees.
  - Most orders are careful not to require the use of surgical or N-95 face masks, which should be reserved for medical responders.
  - We expect to see the trend of mandating the use of face coverings in public to spread to other local, and perhaps state, governments.
- **Government Closure/Stay-at-Home** orders have been released in multiple state and local jurisdictions.
  - For the key Stay-at-Home order details in one document, view this A&B [COVID-19 50-State Closure Tracker](#). **(Updated 4/9/20)**
  - To date, the **only states that have not issued state-wide stay-at-home orders** are Arkansas, Iowa, Oklahoma, Nebraska, North Dakota, South Dakota, Utah, and Wyoming.
  - Government required stay-at-home orders have forced people to give significant focus on the **use of electronic signatures** and the maintenance of electronic records. This A&B [advisory](#) (3/27/20) reviews the three main laws that govern electronic signatures.
  - For those asking how to define “federal **critical infrastructure sectors**” the Department of Homeland Security’s Cyber Infrastructures division [outlines](#) (last update 3/28/20) 16 sectors and provides additional guidance for businesses.
