

How to Administer Tests to Trainees

In this document, you will find a 20-question multiple-choice test that corresponds with MCAA SAFETY TALK: CORONAVIRUS (COVID-19)

1. Make one copy of the test for each trainee.
2. Give one test to each trainee. Remind them to put their name on each page of their copy in case the pages become separated.
3. Collect all test papers after they are completed.
4. Grade the tests using the corresponding Safety Training Test Answer Key [here](#).
5. Return the graded test papers to each trainee. Make sure they understand the correct answers to all the test questions they answered incorrectly.
6. Collect ALL the test papers and place them in a secure file.
7. Keep the completed test papers to show proof of worker training and training content understanding.

MCAA Safety Talk (COVID-19) Test

Name: _____
