The Latest News

- **U.S. COVID-19 cases** exceed 1,329,225 and 79,525 U.S. deaths. (Source: CDC) (**Updated 5/11/20**)
- **U.S. stock market:** On Friday the major U.S. benchmarks all posted gains, with the Dow rising 455 points, the S&P 500 up 48 points, and the Nasdaq gaining 141 points. Weekend trading in stock futures were effectively flat as of Sunday night. (**New**)
- The Department of Labor’s employment [report](#) last Friday showed that **the health care industry lost more than 1.4 million jobs**. While no sector has been immune from significant job losses, the health care sector impact is especially complex since hospitals and other providers were required to ramp up emergency, ICU, and testing capabilities in preparation for the surge in

coronavirus cases which was predicted, but elective procedures were suspended resulting in layoffs in nearly all types of outpatient and clinic settings. **(New)**

- [Data](#) from the Epic Health Research Network shows that **preventive cancer screenings have dropped 86-94%** due to suspension of elective procedures and access disruptions during the emergency response to COVID-19. The data was collected from 2.7 million patient records in 23 states. **(New)**
- The **challenges of reopening were felt at the government's highest levels** late last week when two senior officials in the White House were confirmed to have COVID-19 resulting in the self-quarantine by the NIH Institute of Allergy and Infectious Disease Director Anthony Fauci, White House Coordinator of Coronavirus Response Deborah Birx, and CDC Director Robert Redfield. In separate incidents FDA Commissioner Stephen Hahn announced he was in self-quarantine due to exposure to an unnamed individual and Tennessee Senator Lamar Alexander was in self-quarantine following the confirmation that his chief of staff had COVID-19. **(New)**

COVID-19 Federal Legislation

- **Bill 4.0:** House Democrats had planned to release their proposals for the 4.0 relief package today but debate within the caucus has delayed their hope for a quick consensus package. House **Democratic moderates**, especially those in swing districts, have **concerns about the expansive size** of the leadership's list of priorities and the dollars attached. The challenges for next emergency spending bill also include concerns voiced by some Republicans that the **growing deficit** needs to be acknowledged – the cost of previous four relief bills is a little under \$3 trillion. **(New)**
 - The Congressional Budget Office released its monthly review with [data](#) showing that **Medicare spending has nearly tripled**. The report also noted that normally April is a month when federal revenues are up, but its data shows U.S. budget **revenues down by 55%**. **(New)**
- **Bill 3.5: Paycheck Protection Program and Health Care Enhancement Act**, ([H.R. 266](#)) enacted on April 24. Also available are a [section-by-section summary](#) and an [overview of the health care provisions](#).

- FHFA announced that Fannie Mae and Freddie Mac created **online property lookup tools** to allow renters to see if they live in a property that is covered by the temporary eviction moratorium. (5/4/20)
- The **U.S. Patent and Trademark Office** announced (4/28/20) that it would further extend certain [patent](#) and [trademark](#) deadlines to June 1, 2020, given the ongoing effects of the COVID-19 pandemic. These extended deadlines apply to those situations identified in the USPTO's [March 31, 2020, guidance](#), such as responses to Office Actions.
 - For more detail, read Alston & Bird's [advisory](#) explaining how and when to claim these extensions. (4/2/20)
- The **Securities and Exchange Commission (SEC)** [announced](#) that it was issuing a temporary [final rule](#) providing temporary relief to certain companies to meet urgent needs through regulation crowdfunding offerings. (5/4/20)
- The **Department of Transportation (DOT)** [announced](#) exemptions under the CARES Act for [Spirit Airlines](#) and [JetBlue Airlines](#) to stop providing service at certain large hubs and focus on city airports. (5/5/20)

Trade and International Business Issues

- Examining the strong performance of **environmental, social, governance (ESG) funds**, the developments in the UK and Europe and more are investigated in the [A&B advisory](#). (5/8/20) (**New**)
- **Chinese imports from U.S. down 3 percent, exports down 16 percent.** [Data](#) released Thursday by China's Customs Administration shows China is importing less from the U.S. than it was a year ago through April, despite Beijing's promise to increase its purchases of American goods by about 60 percent from last year's totals. The U.S. trade deficit with China, however, is also down close to 22 percent as a result of a nearly 16 percent drop in Chinese exports to the U.S. (**New**)
- **USA-China phase one trade agreement implementation expected in timely manner despite COVID-19, says USTR.** China is expected to fully meet its obligations under the U.S.-China phase-one trade agreement "in a timely manner" despite the novel coronavirus outbreak that has wreaked havoc on the global economy, U.S. Trade Representative Robert Lighthizer and Treasury Secretary Steven Mnuchin [said](#) in a joint statement late Thursday after a phone call with their Chinese counterpart. "Both sides agreed that good progress is being made on creating

the governmental infrastructures necessary to make the agreement a success,” the statement said. “They also agreed that in spite of the current global health emergency, both countries fully expect to meet their obligations under the agreement in a timely manner.” **(New)**

- With everyone focused on COVID-19, this A&B [advisory](#) analyzes the **implications of Brexit on cross-border litigation in Europe**. (5/5/20)

Insurance Issues

- For a **50-state review of business interruption insurance related issues** see this new COVID-19 [Insurance Litigation and Regulatory Issues tracker](#). The tracker is updated weekly. (Updated weekly - 5/10/20)
- On April 24, the Rutgers Center for Risk and Responsibility and the National Council of Insurance Legislators (NCOIL) sponsored a webinar attended by hundreds of legislators, government officials, industry professionals and others to discuss state legislative proposals that would **retroactively require insurers to provide coverage** for business income losses caused by COVID-19. NCOIL President [reportedly](#) “began by expressing NCOIL’s opposition to retroactive legislation at the state level.” A [recording](#) of the webinar is available online. **(New)**
- The pace of new business income coverage claims flooding state and federal courts nationwide has not slowed over the last few weeks. In addition to new case filings, we continue to monitor **requests by Plaintiffs to transfer and consolidate federal COVID-19 business interruption cases** into an industry-wide MDL notwithstanding significant variations between the policyholders, issuers, terms, coverages claimed, and causes of action alleged. A group of insurance industry trade groups led by the American Property Casualty Insurance Association has filed an [Amici Curiae Brief](#) in *Tambellini v. Erie Insurance Exchange*, urging the Pennsylvania Supreme Court to deny Plaintiff’s Emergency Application for Extraordinary Relief, which seeks to bypass the ordinary course trial court procedures and catapult Plaintiff’s claims straight to the Pennsylvania Supreme Court under the court’s infrequently-used King’s Bench Powers. **(New)**
- Other Notable case filings include:
 - On May 7, Hartford Fire Insurance Company (“Hartford”) filed suit against its insured Moda LLC et al (“Moda”) in Connecticut state court, seeking a declaration that Hartford has no obligation under Moda’s policy to pay claims for Moda’s alleged losses of business income due to COVID-19. Hartford’s declaratory judgment action follows [earlier lawsuits](#) by Moda against Hartford seeking a declaration that Hartford is obligated to pay Moda’s claims for business income coverage. The case is *Hartford Fire Ins. Co. v. Moda LLC et al.*, No. HHD-CV20-6127638 (Hartford Sup. Ct., Conn.) **(New)**
 - Also on May 7, Rinnigade Art Works [filed suit](#) against its insurers The Hartford Financial Services Group, Inc., Hartford Fire Insurance Co., and Twin City Fire Insurance in the federal district court for the District of Massachusetts seeking a declaration that Plaintiffs have “suffered direct physical loss of and/or damage to . . . insured premises” resulting in “interruptions or suspensions of business incomes” and that the resulting losses are covered under Plaintiffs’ policies. Plaintiffs also seek damages for breach of contract and violation of Massachusetts General Laws, Chapter 93A. Plaintiff seeks to represent a class “of persons and entities located in

Massachusetts and such other states as the Court may deem appropriate.” The case is *Rinnigade Art Works, et. al. v. The Hartford Fin. Servs. Grp., Inc., et al.*, No. 1:20-cv-10867-IT (D. Mass.) (**New**)

- On April 30, the General Assembly of Pennsylvania proposed [Senate Bill No. 1127](#) “[r]elating to property and business interruption insurance coverage for COVID-19 Pandemic-related Losses.” The Bill is structured differently than [earlier proposals](#) in that rather than simply asserting that policies will be construed to cover COVID-19 business income losses, it instead **applies certain “rules of construction”** to first-party insurance policy provisions in order to tie common coverage-triggering terms to COVID-19 related executive orders and the presence of the virus in a particular business.
- The National Association of Insurance Commissioners has issued a [Business Interruption COVID-19 Data Call Letter](#) to **property and casualty insurers indicating that state insurance regulators** in 50 states, the District of Columbia, and the U.S. territories “have agreed to participate in a data call to collect data related to business interruption insurance and COVID-19.” Insurers are “requested to complete both parts of the COVID-19 business interruption data call” and to submit a “Premiums Data Template” by May 22, and a “Claims Data Template” by June 15, with mid-monthly update filings thereafter.
