The Latest News

- **U.S. COVID-19 cases** exceed 1,843,164 and 105,895 U.S. deaths. (Source: CDC) (**Updated 6/4/20**)
- **U.S. stock market:** On Wednesday the major U.S. benchmarks posted gains, with the Dow rising 527 points, the S&P 500 gaining 42 points, and the Nasdaq climbing 74 points. (**New**)
- A **powerful bipartisan group of congressional health leaders** [wrote](#) to Department of Health and Human Services Secretary Alex Azar yesterday requesting that he clarify by June 10 the agency’s plan and timeline for **disbursing the Provider Relief Funds allotment for Medicaid-dependent providers**. Congress initially authorized \$100 billion in Provider Relief Funds through the CARES Act and added \$75 billion through the Paycheck Protection and Health Care Enhancement Act. Many Medicaid-dependent providers have received little or no aid from the Provider Relief Fund as a result of the disbursement formulas used which have been heavily dependent on Medicare patient mix data. The agency has sought input from state Medicaid programs in their development of a Medicaid-dependent formula and is rumored to be ready to release these funds as early as today or tomorrow. The letter was signed by Senate Finance Committee Chairman Charles Grassley (R-IA) and Ranking Member Ron Wyden (D-OR) and

House Energy and Commerce Chairman Frank Pallone (D-NJ) and Ranking Member Greg Walden (R-OR). (**New**)

- University of California, San Francisco (UCSF) confirmed this week they have been the target of a **malicious cyber-attack in their IT network**. According to Bloomberg News, there are indications that the attack targeted or included UCSF's **COVID-19 research** on antibody testing and clinical trials for a treatment. (**New**)
 - The increase in cyber-attacks on the health care sector and specifically on COVID-19 related research and technology was further reflected by the **North Atlantic Treaty Organization (NATO) [statement](#)** on the “**destabilizing and malicious cyber activities**” directed against the health care sector during the pandemic. (6/3/20) (**New**)

COVID-19 Federal & State Legislation

- **Bill 4.0:** The Senate **passed [H.R. 7010](#), the Paycheck Protection Program Flexibility Act**, by voice vote on Wednesday. The bill would **extend the period of time Paycheck Protection Program (PPP) recipients would have to spend the loan in order to qualify for loan forgiveness**. The current eight-week requirement could expire today for some loan recipients, but under H.R. 7010 businesses would have 24 weeks or until the end of the year, whichever comes first to spend the loan dollars and still qualify for forgiveness. The bill would also maintain forgiveness amounts for businesses that were unable to rehire employees or resume business levels by the end of the year and repeal the CARES Act provision that barred companies with forgiven PPP loans from deferring their payroll tax payments. The bill had passed the House by a vote of 471-1 last week and now awaits the President's signature – he is expected to sign it.
- The Senate confirmed **Brian Miller to a new position** created by the CARES Act to serve as **special inspector general for the pandemic**. The position was created to ensure that public funds were not misspent as distribution is made throughout the federal government. Brian Miller served for nearly a decade as the Inspector General of the General Services Administration and in senior positions at the Justice Department. The Senate vote was 51-40.

HHS/CDC/CMS/HRSA CARES Act Provider Relief Funds

- The CDC has posted an [updated dataset](#) of **provider recipient specific payment** from the Provider Relief Fund **general distribution high impact targeted allocation and/or rural targeted allocation**. The dataset includes who has attested to receiving one or more payments and agreed to the terms and conditions as of June 1. \$48.518 billion of the \$72 billion allocated to these distribution pools has been attested to. **(Updated 6/3/20)**
 - HHS - the CARES Act Provider Relief Fund (PRF) [FAQs](#) **(Updated 6/3/20)** have been **updated and capture numerous modifications**. The FAQ changes include:
 - **Defining “Health Care Related Expenses Attributable to Coronavirus” (New)** - A new FAQ notes that this is broad and may cover a range of items and services, including:
 - *supplies used to provide healthcare services for possible or actual COVID-19 patients; equipment used to provide healthcare services for possible or actual COVID-19 patients; workforce training; developing and staffing emergency operation centers; reporting COVID-19 test results to federal, state, or local governments; building or constructing temporary structures to expand capacity for COVID-19 patient care or to provide healthcare services to non-COVID-19 patients in a separate area from where COVID-19 patients are being treated; and acquiring additional resources, including facilities, equipment, supplies, healthcare practices, staffing, and technology to expand or preserve care delivery.*
 - There is additional clarity that that these expenses attributable to COVID-19 may have been incurred prior to the date on which they received their payment. Further, PRF payments can be used for expenses incurred on any date, so long as they are attributable to COVID-19 and were used to prevent, prepare for, and respond to coronavirus (HHS expects it would be “highly unusual” to have incurred eligible expenses prior to 1/1/2020).
 - **Defining “Lost Revenues that are Attributable to Coronavirus” (New)** - Per the FAQ:

- *This may include revenue losses associated with fewer outpatient visits, canceled elective procedures or services, or increased uncompensated care. Providers can use Provider Relief Fund payments to cover any cost that the lost revenue otherwise would have covered, so long as that cost prevents, prepares for, or responds to coronavirus. Thus, these costs do not need to be specific to providing care for possible or actual coronavirus patients, but the lost revenue that the Provider Relief Fund payment covers must have been lost due to coronavirus. HHS encourages the use of funds to cover lost revenue so that providers can respond to the coronavirus public health emergency by maintaining healthcare delivery capacity, such as using Provider Relief Fund payments to cover: Employee or contractor payroll; Employee health insurance; Rent or mortgage payments; Equipment lease payments; and Electronic health record licensing fees.*
- **New FAQ on Parent Entities Attesting to Terms and Conditions and Keeping Payments (New)** - Per the FAQ:
 - *[T]he parent organization with subsidiary billing TINs that received payments may attest and keep the payments as long as providers associated with the parent organization were providing diagnoses, testing, or care for individuals with possible or actual cases of COVID-19 on or after January 31, 2020 and can otherwise attest to the Terms and Conditions. The parent organization can allocate funds at its discretion to its subsidiaries. If the parent organization would like to control and allocate Provider Relief Fund payments to its subsidiaries, the parent organization must attest to accepting its subsidiaries' payments and agreeing to the Terms and Conditions.*
- **New FAQs on Data Resubmission (New)**
 - Based on these new FAQs, it appears certain providers were flagged for data verification, which may require additional follow-up and communication prior to receiving funds. HHS notes that common issues prompting a submission to be flagged for further review included "information entered not matching tax documentation, providers with significantly lower than expected Medicare revenue, and apparent data entry errors."
- For such impacted providers, HHS released new guidance on the following questions (New):
 - ***What action should I take in order to resubmit my revenue information? (Added 6/2/2020)***
 - ***Will the amount of the potential payment be affected if my submission has been identified for resubmission? (Added 6/2/2020)***
 - ***Do all providers who submitted revenue information in the Provider Payment Portal have to resubmit their information? (Added 6/2/2020)***
- The updated FAQs also provided the new guidance below (New):

- Providers that affirmatively attested to PRF payments received may reject those funds and retract the attestation by calling the provider support line (866-569-3522).
- Providers that did not submit revenue information (i.e., an application) for the \$20 billion (i.e., Round 2) General Distribution by June 3 are no longer eligible for a Round 2 payment. These providers will still be considered for future PRF payments.
- HHS provided clarity that the June 3 deadline to submit revenue information was only for providers who wanted to be considered for the Round 2 payment. Providers were not required to attest to Round 2 payments by June 3. HHS reminds providers that they have 90 days from the receipt of Round 2 payment to attest and agree to the Terms and Conditions (this 90-day time period to attest and agree to the Terms and Conditions applies to all PRF payments).
 - By extension, this guidance indicates that providers were not required to submit revenue information by June 3 if they were not seeking a Round 2 payment.
 - While submitting revenue information appears to be required for all PRF payment recipients, HHS has not announced a specific deadline by which they must do so.
- HHS has completely revised its Provider Relief Fund [webpage](#). (**Webpage Updated 6/3/20**)
- HHS released Indian Health Service Provider Relief Fund allotment [Terms and Conditions](#). (6/2/20) (**New**)

- The President [announced](#) his intent to extend the Title 32 orders through mid-August. Title 32 gives the governors authority to command their National Guard forces, while 100% federally funded, to meet emergency COVID-19 relief needs within their states. (5/28/20)

Department of Justice/Federal Trade Commission/Litigation

- The **Department of Justice** maintains an **anti-price gouging & anti-fraud** [webpage](#) with information on reporting complaints and resources on prevention. (5/26/20)
- **Litigation:** On May 29, a Georgia woman [pled guilty](#) for violating the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) by selling an unregistered pesticide, “Toamit Virus Shut Out,” which she claimed protected against viruses, such as COVID-19 on eBay. The pesticide took the form of a card-shaped device to be worn around the user’s neck and was marketed as a “layer of safety protection effect, thus reducing the risks and probability of infection and transmission.” The FIFRA authorizes the Environmental Protection Agency (EPA) to regulate the production, sale, distribution, and use of pesticides in the United States. The Environment and Natural Resources Division’s Environmental Crimes Section prosecuted the defendant because

Toamit Virus Shut Out was not registered with EPA, and it is illegal to distribute or sell unregistered pesticides. Defendant imported the pesticide from Japan and later sold it to individuals around the United States. She will be sentenced June 29. (**New**)

Small Business Administration

Insurance Issues

- For a **50-state review of business interruption insurance related issues** see this new COVID-19 [Insurance Litigation and Regulatory Issues tracker](#). The tracker is updated weekly. (Updated 5/31/20)
- On May 26, U.S. Representative Carolyn Maloney (D-N.Y.) introduced [H.R. 7011](#)—the Pandemic Risk Insurance Act of 2020. The legislation would create the **Pandemic Risk Reinsurance Program**, providing “compensation for business interruption losses resulting from future pandemics or public health emergencies.” The bill would apply only to “covered public health emergenc[ies]” declared “on or after January 1, 2021.”
- **Notable filings and orders** include:
 - On May 28, Alissa’s Flowers, Inc., the owner and operator of a flower shop in Independence, Missouri, initiated a putative class action in federal court against its insurer State Farm Fire and Casualty. Plaintiff alleges that while the insurance industry has offered relief to auto policyholders in the form of reduced premiums, “insurers have not offered any sort of premium relief to businesses.” Plaintiff argues that businesses ought to have been extended premium relief for commercial liability insurance policies. Plaintiff alleges claims for breach of contract, unjust enrichment, and declaratory and injunctive relief and seeks to represent a nationwide class of similarly situated persons and entities. The case is *Alissa’s Flowers, Inc. v. State Farm Fire and Cas. Co.*, No. 2:20-cv-04093-WJE (W.D. Mo.)
 - On May 27, MTDB Corp. dba Striker Lanes, a bowling alley, initiated a putative class action in the Northern District of Illinois against its insurer, American Automobile Insurance Company. The Complaint seeks a declaratory judgment that plaintiff and the putative class “sustained direct physical loss or damage to property” as a result of SARS-CoV-2 or COVID-19, that SARS-CoV-2 and/or COVID-19 are covered causes of loss, and that plaintiffs and the class are therefore entitled to coverage. Plaintiff also alleges that they are entitled to coverage for losses resulting from certain governmental orders. Plaintiff seeks to represent a class of Illinois businesses insured under policies issued by defendant. The case is *MTDB Corp. v. Am. Auto. Ins. Co.*, No. 1:20-cv-03127 (N.D. Ill).
