SUPPORTER

A BUYER'S GUIDE 2023

Support the suppliers who support your association...and your business.

Discover how a partnership with the members of MCAA's Manufacturer/Supplier Council enhances your company's success. Browse through this excellent resource to learn more about the companies that will help you build your strategic supply chain—enabling you and your employees to increase your company's productivity and profitability. You will find innovative solutions to some of your most challenging construction concerns, learn about new products and find contact information for key executives—those who can assist you with purchasing, technical or service issues.

This listing of MCAA Supplier Partners is a convenient guide to help you plan for your company's needs, whether you want to streamline office operations or add value to your next job by bringing it in early or under budget—or both!

When choosing a product or service for that next bid, give an extra edge to the companies that support your association.

MCAA'S SUPPLIER PARTNERS

AB&I Foundry ★

11910 County Road 492
Tyler, TX 75706
(510) 632-3467
www.abifoundry.com

AB&I Foundry manufacturers cast iron soil pipe & fittings for DWV plumbing systems. AB&I products are American made and set the standard for quality and durability. Contractors can be confident they are receiving quality products from people who care.

Affiliated Distributors

500 East Swedesford Road
Suite 200
Wayne, PA 19087
(610) 977-3100
Fax: (610) 977-3194
E-mail: jbeall@adhq.com
www.adhq.com

With more than 3,800 branches from 550 plus independently-owned members, AD is North America's largest marketing/buying group for construction and industrial supplies. We leverage our unique economies of scale, robust financial systems and people-first approach to help our independent distributor members outperform the competition and our supplier partners protect their brands and diversify their channel strategies.

American Valve

4940 Peachtree Industrial Boulevard
Suite 390
Berkeley Lake, GA 30071
(800) 645-0101
Fax: (800) 876-0109
E-mail: sales@americanvalve.com
www.americanvalve.com

For more than 100 years, the American Valve brand has represented innovative commercial and industrial valves built with confidence and quality. We specialize in lead-free plumbing valves, brass valves, flanged ball valves, thermoplastic valves, and flexible connectors.

MCAA'S SUPPLIER PARTNERS

Anaco-Husky

1001 El Camino Avenue
Corona, CA 92879-1704
(951) 372-2732
Fax: (951) 738-1183
E-mail: jack.dunaway@anaco-husky.com
www.anaco-husky.com

Anaco-Husky is the premier manufacturer of stainless-steel couplings and service gaskets. Anaco's products are engineered to provide superior performance and sets the standard for strength, consistency, and quality.

Apollo Valves ★

10715 Sikes Place
Suite 200
Charlotte, NC 28277
(704) 847-9191
www.apollovalves.com

Apollo Valves manufactures the best valve and connection technologies in the industry, providing customers with a Total Piping System. Our goal is to make it an easier and better buying experience by being the only organization to offer a complete line of flow control devices and piping systems solutions. We feature a full range of connections, including push, press, thread, groove, sweat, and crimp to fit your Commercial, Industrial, and Backflow Prevention needs.

Aquatherm LP

825 West 600 North
Lindon, UT 84042
(801) 805-6657
Fax: (801) 326-4830
E-mail: support@aquatherm.com
www.aquatherm.com

Aquatherm is dedicated to providing the very best piping systems for anyone from engineers to installers, from building owners to occupants, who relies on

systems for comfort, warmth and even life. Aquatherm's innovative piping systems are listed online.

Armstrong Pumps, Inc.

93 East Avenue
North Tonawanda, NY 14120-6594
(716) 693-8813
Fax: (716) 693-8813
E-mail: rmayhew@
armstrongfluidtechnology.com
www.armstrongfluidtechnology.com

Armstrong Fluid Technology leads the fluid systems industry in providing the most energy-efficient and cost-effective pumping and HVAC solutions. Design Envelope technology enables the greenest, most flexible and most cost-effective fluid-flow and HVAC systems on the planet – resulting in both lowest installed AND lowest operating cost.

ASC Engineered Solutions ★

75 Portsmouth Boulevard
Suite 210
Portsmouth, NH 03801
(603) 418-2800
Fax: (603) 418-2833
E-mail: marketing@asc-es.com
www.asc-es.com

ASC Engineered Solutions is defined by quality – in its products, services and support. With more than 1,400 employees, the company's portfolio of precision-engineered piping support, valves and connections provides products to more than 4,000 customers across industries, such as mechanical, industrial, fire protection, oil and gas, and commercial and residential construction. Its portfolio of leading brands includes ABZ Valve®, AFCON®, Anvil®, Anvil EPS, Anvil Services, Basic-PSA, Beck®, Catawissa, Cooplet®, FlexHead®, FPPI®, Gruvlok®, J.B. Smith, Merit®, North Alabama Pipe, Quadrant®, SCI®, Sharpe®, SlideLOK®, SPF® and SprinkFLEX®. Our headquarters are in Commerce, CA, and Exeter, NH.

ATP Learning Solutions (ATP)

10100 Orland Parkway
Suite 200
Orland Park, IL 60467-5756
(708) 957-1100
Fax: (708) 957-1101
E-mail: carl.hansen@atplearning.com
www.atplearningsolutions.com

ATP Learning Solutions offers proven expertise in developing customized training materials using your content, or ours. Our in-house digital media, editorial, online learning, and fulfillment services can develop and even digitally distribute your product. ATP Learning Solutions strives to be your innovation partner.

Autodesk Construction Solutions

The Landmark @ One Market
Suite 400
San Francisco, CA 94105
(415) 507-5000
www.autodesk.com/construction

Autodesk Construction Cloud combines advanced technology, a unique builders

network and predictive insights to connect people and data across the entire building lifecycle, from design through operations. At the center of Autodesk Construction Cloud are best-of-breed construction solutions Assemble, BuildingConnected, BIM 360 and PlanGrid. Autodesk Construction Cloud brings these solutions together, and with Autodesk's established design authoring tools, connects headquarters, office and field teams to increase collaboration and productivity.

Autodesk, Inc.

1 Market Street
San Francisco, CA 94105
(855) 301-9562
www.autodesk.com

Autodesk is changing how the world is designed and made. Our technology spans architecture, engineering, construction, product design, manufacturing, media and entertainment, empowering innovators everywhere to solve challenges big and small. From greener buildings to smarter products to more mesmerizing blockbusters, Autodesk software helps our customers to design and make a better world for all. For more information visit autodesk.com or follow @autodesk.

Automated Integration

10220 Forest Lane
Dallas, TX 75243-5123
(214) 272-8360
Fax: (949) 480-2916
E-mail: jherring@automatedintegration.com
www.automatedintegration.com

Automated Integration specializes in dispatching and accounting software for the elevator, plumbing, HVAC and other service industries. Total Service 10.0 is a completely integrated dispatching and accounting software package that will allow you to take control of your business to increase productivity and profitability.

Baltimore Aircoil Company, Inc. ★

7600 Dorsey Run Road
Jessup, MD 20794
(410) 799-6200
Fax: (410) 799-6262

E-mail: nwalsh@baltimoreaircoil.com
www.baltimoreaircoil.com

Baltimore Aircoil Company is the world leader in the design and manufacture of evaporative cooling and heat transfer equipment. Founded in 1938, BAC offers the broadest range of evaporative heat transfer products in the industry. Products and services include open cooling towers, closed circuit cooling towers, industrial process coolers, evaporative condensers, and ice thermal storage equipment. Headquartered in Baltimore, Maryland, Baltimore Aircoil Company has manufacturing capabilities worldwide.

BELIMO Americas

33 Turner Road
Danbury, CT 06810
(800) 543-9038
Fax: (800) 228-8283
www.belimo.us

Belimo is a world leader in the design, manufacture and marketing of damper actuators, control valve assemblies and ZIP Economizer used in commercial HVAC systems. Belimo is well known for its innovation of the direct-coupled actuator and innovations in pressure independent control valve technology. Belimo provides the solutions that customers need to maintain an efficient building environment.

Bidtracer - Specialty Software Group LLC

10400 North Baehr Road
Mequon, WI 53092
(262) 236-0921
Fax: (262) 242-4320
E-mail: kris@bidtracer.com
www.bidtracer.com

Bidtracer is a complete solution for the construction industry. Bid, document and invitation management, mechanical service estimating, reporting and auto sales provide the ultimate means for securing projects. The integrated PM suite has a BIM room, tracks submittals, RFIs, RFPs, COs, POs, correspondence and much more!

MCAA'S SUPPLIER PARTNERS

Bitzer US, Inc.

4080 Enterprise Way
Flowery Branch, GA 30542
(770) 503-9226
Fax: (770) 503-9440
E-mail: aedge@bitzerus.com
www.bitzerus.com

BITZER US, Inc. is a subsidiary of the BITZER Group. BITZER is an internationally leading, independent specialist for refrigeration and air conditioning technology with activities in refrigeration, air conditioning and process cooling, transport as well as services. The BITZER Group caters for the cooling of temperature-sensitive goods and reliable indoor temperature control with energy-efficient and high-quality products and services.

BuildOps

2118 Wilshire Boulevard
Suite 975
Santa Monica, CA 90404
(213) 559-1988
E-mail: kori@buildops.com
www.buildops.com

Designed by a team of specialty contractors and world-class engineers, BuildOps redefines the commercial contractor experience with its end-to-end operational platform. It eliminates the need for multiple systems to manage your business, merging smarter operations under one roof, and bridging service and construction. From dispatch to billing, project management to reporting, BuildOps improves efficiency, visibility, and profit margins, while delivering exceptional customer service and ease of use.

Carrier Corporation ★

9701 Old Statesville Road
Charlotte, NC 28269
(315) 432-6000
Fax: (860) 998-0660
E-mail: mark.j.tozzi@carrier.com
www.carrier.com/commercial

Setting the standard for performance, energy efficiency and sustainability, Carrier offers solutions in heating, ventilating, air-conditioning and building automation systems that are available for immediate shipment. From equipment technical

training to HVAC software and system design, Carrier University is always adding new curriculum and tools to better prepare you for tomorrow. Totaline offers a full-line of quality universal HVAC/R parts and supplies at an affordable price. For ease of installation, select Factory Authorized Parts.

Cerro Flow Products LLC

P.O. Box 66800

IMI Hydronic Engineering, a division of IMI Plc., is the leading global provider of technologies that deliver operational and energy efficient water-based heating and cooling systems. We focus on the core technologies involved in the precise control of the waterborne system; Hydronic pressurization (IMI Pneumatex), balancing and control valves (IMI TA & IMI Flow Design) and thermostatic control devices (IMI Heimeier). All IMI Flow Design brand products for North America are available via our extensive manufacturer's rep network. All IMI TA brand products for North America (Hydronic Balancing and Control Valves) are available via Victaulic, our exclusive North American Representative for TA products.

Johnson Controls, Inc. ★

P.O. Box 423
Mail Station M99
Milwaukee, WI 53201-0423
(414) 524-1200
Fax: (414) 524-5030
E-mail: andrew.j.edmonson@jci.com
www.johnsoncontrols.com

Johnson Controls, Inc. manufactures, installs, integrates, services and operates systems that manage energy use, climate, lighting, security and life safety in buildings. Customer-focused solutions help make facilities more comfortable, safe, productive, energy efficient and cost effective. Johnson Controls Metasys® building management system integrates, monitors, and controls various systems within a facility such as heating, air conditioning, lighting, security, safety and energy management. We offer mechanical equipment for commercial and industrial applications, including air- and water-cooled chillers, air handling units, terminal products and packaged RTUs. JCI provides a complete

line of HVAC and refrigeration products for new and replacement projects, including dampers, drives, valves, sensors, actuators, thermostats and HVACR controls. Our systems are scalable from the smallest stand-alone building to large campuses and networks spread over wide geographic areas.

HOW SPONSORS SUPPORT YOUR ASSOCIATION

When choosing a product or service for that next bid, give an extra edge to the companies that support your association.

Members of the Manufacturer/Supplier Council play an increasing role in MCAA's commitment to lifelong learning by participating in a number of educational ventures. Over the past several years, the Manufacturer/Supplier Council has had the opportunity to cooperate with MCAA initiatives that produced or are in the process of producing some of the association's most valuable educational products.

In addition, MCAA's Supplier Partners support our annual convention through their sponsorships, and their participation at the exhibit. They keep you updated about their latest products and services year-round in our Virtual Trade Show and contribute Smart Solutions Case Studies showcasing new technologies and cost-saving and productivity-enhancing applications. Both the Virtual Trade Show and the Smart Solutions Case Studies are at mcaa.org.

When contacting MCAA's Supplier Partners, remember to thank them for all they do for your association.

without the complexity and costs of controls solutions. With nClarity, Mechanical Service Contractors act with precision, service more customers, and retain key staff longer. Building owners and operators reduce their operating costs, downtime and improve operating efficiencies through optimized service, repair and ROI based replacement of capital equipment.

Sioux Chief Manufacturing Company, Inc.

14940 Thunderbird Road
Kansas City, MO 64147
(816) 425-9900
www.siouxchief.com

Sioux Chief is a leading American manufacturer of rough plumbing products located in Kansas City, Missouri. We develop and manufacture some of the most diverse and innovative plumbing products in the country. We focus on product innovation initiated by field research and interviews with plumbers, engineers, code officials and distributors. We're able to turn ideas into products quickly because we design and build our own machines. This also allows us to control manufacturing costs and minimize downtime, providing consistent, reliable value to our customers. Our primary purpose as

an American manufacturer is to provide better value to the professional plumbing and mechanical contractor by offering top-quality, innovative products with superior customer service. Our goal as an American innovator, is to make plumbing installation easier, more effective, and more efficient. We strive every day to meet the demands of the rough plumbing industry with innovation, quality, and the American spirit.

SLOAN ★

10500 Seymour Avenue
Franklin Park, IL 60131
(800) 982-5839
Fax: (800) 447-8329
E-mail: info@sloan.com
www.sloan.com

Sloan is the world's leading manufacturer of commercial plumbing systems and has been in operation since 1906. Headquartered in Franklin Park, Illinois, USA, the company is at the forefront of the green building movement and provides smart sustainable restroom solutions by manufacturing water-efficient products such as flushometers, electronic faucets, sink systems, soap dispensing systems, and vitreous china fixtures for commercial, industrial and institutional markets worldwide.

A.O. Smith

500 Tennessee Waltz Parkway
Ashland City, TN 37015
(615) 792-4371
Fax: (615) 792-2149
E-mail: dhyde@hotwater.com
www.hotwater.com

A.O. Smith produced its first water heater in 1936. Since then, plumbing professionals have come to rely on A.O. Smith more than any other manufacturer because we provide more hot water solutions for customers. The range of A.O. Smith commercial and residential water heater choices is unmatched. Our technological leadership is unchallenged. Our manufacturing network straddles the globe. At the end of the day, however, we judge not by our size and strength, but by how well we serve every customer. Visit our website for more information.

SPX Cooling Tech, LLC
